CALENDAR 1981-82

(Membership meetings are held in the second week of the month.)

September	9	Water
	11	Regionals - LWV/ILL, Bloomington
October	14	Fiscal Policy concurrence
November	11	Health
December	9	Brunch - Review of Local and National Program
January	13	ERA Task Force Report
February	10	Water - Consensus
March	10	Criminal Justice Consensus
April	14	International Relations
	15-19	Convention LWV/US at Houston
	21-22	Legislative Seminar - LWV/ILL at Springfield
May	12	Annual Meeting

This tentative calendar is correct at the time of publication. From time to time changes may be necessary. Watch the monthly newsletter for current details.

Board meetings are held once a month as announced in the Decatur Voter. They are open to members.

PROGRAM

Program in the League of Women Voters means government issues which members have chosen to study and on which they may act after thorough study and discussion and after consensus of the membership is reached.

Program selection at all three levels (local, state, and national) begins with suggestions by individual members. From these suggestions the appropriate board prepares a proposed program on which members vote - personally on local program at the annual meeting of their league, and through delegates on state and national program at conventions.

The "Program for Action" adopted by the 1974 National Convention incorporated this introductory statement:

"Citizen participation in government is basic to the democratic process and is therefore the cornerstone of the League's political purpose. The League acts in the public interest on political issues. We also act to enlarge citizen participation; to open up electoral and other government processes; to make facts on issues and on the political process more accessible; to protect the right of every citizen to vote; and to protect the individual liberties established under the Constitution.

The League uses many forums and techniques in pressing for change. We take legislative, litigative and administrative action at all levels of government. To get things done, we also act directly in the community.

Whatever the issue, the League believes that government policy, programs and performance must meet these criteria:

Competent personnel with clear responsibilities,
Coordination among agencies and levels of government,
Adequate financing,
Effective enforcement, and
Well-defined channels for citizen input and review."

LOCAL PROGRAM FOR 1981-82
(Adopted at Annual Meeting, May, 1981)

County and Township Governments

Support for elimination of townships in Macon County with their functions transferred to general purpose governments, such as the county or municipalities.

Support for Home Rule status for the county with establishment of an elected county executive. (If necessary, we would support appointment of an administrator by the County Board until an executive can be elected.)

Support for elimination of as elected offices those at the county level which do not set policy, such as Auditor, Recorder of Deeds, and Coroner.

Decatur's Environmental Quality

Support for improved surface drainage of the City of Decatur, as proposed by the Surface Drainage Task Force and the Citizens Advisory Committee for Improved Storm Drainage in 1975.

Decatur Public Schools

Position resulting from 1976-77 study (needs and goals of District #61 educationally, to include areas of responsibility of the school board and administration): The School District needs to make a continuing effort to determine the desires of the public concerning its schools. The Board of Education should present a "state of the schools" message at the end of each school year, and also describe plans for the next school year. The school district should continue to place a high priority on meeting the needs of individuals. The school district should increase its efforts to implement its goal of communications with the public.

Position resulting from 1977-78 study (of the financial resources and condition of District #61):

When it is determined that projected revenues will

not be sufficient to maintain and/or improve programs, the Board of Education of Decatur Public Schools should ask the voters to increase one or more of the tax rates making up the "operating tax rate (OTR) for state funding.

Since there is a time lapse between voting an increase and receiving both local taxes and state funds based on the higher tax rates, referenda should be submitted before a crisis situation exists, that is, before cuts have to be made or a deficit exists in fund balances.

An increase in the tax rate would be justified to maintain and/or improve programs if:

Decatur's "operating tax rate" was less than districts of similar size.

Decatur's "operating tax rate" was less than needed to get maximum state funds.

City Government

Position resulting from 1977-78 re-study of council-manager form of city government and a study of the Home Rule option in city government:

After studying the several possible alternative forms of city government, consensus is that the Council-Manager form of government is the best for the City of Decatur. It provides the professionalism and administrative capabilities not as likely to be found under other forms. Decatur is in many ways similar to a big business; it needs to be governed in an economic and efficient way. By separating the policy making body, the elected council, from the administrative body, the appointed manager and staff, Council-Manager government provides balance between leadership and management.

Home Rule power of the City of Decatur, granted by the 1970 Constitution of Illinois, has not been

misused. The council has been cautious in use of the Home Rule power, and careful to seek the community's specific needs. The Home Rule power should be retained, in order that the local citizens can find the solutions to their own local problems, and not be dependent on the Illinois legislative action.

Family Violence (1980)

Support for local efforts to provide intervention services for victims of family violence. The League will monitor the implementation of HB 1560 and HB 1734 locally.

Water (1980)

Continued study of the quality and quantity of water in Decatur.

STATE PROGRAM 1979-81

(Adopted at State Convention, April, 1979)

- I. School Finance: Support of a public school finance system that achieves greater equity for student and tax payer without diminishing local control of program and budget.
- II. State Fiscal Policies: Support for state fiscal policies that insure equity to tax payers, provide adequate funds to support state and local services and encourage sound land use decisions; and a comprehensive study of financing state and local government that includes revenue sources, expenditure procedures and limitations on taxes and spending.
- III. Land Use: Support of a statewide land use policy for Illinois.

- IV. Election Laws: Support of improved election laws and procedures.
- V. Child Welfare and Juvenile Justice: Support of improved services of Illinois state agencies serving children and their families.
- VI. Constitutional Implementation and Amendments:
The League supports amendments to the Constitution to achieve merit selection of judges, single-member districts and reduction in the size of the legislature, the indirect statutory initiative, and recall of elected judges. The League also supports provisions in the 1970 Constitution for constitutional initiative, Article IV, and compulsory referendum in order to amend the Constitution, Article XIV. The League opposes amendments to the Constitution to provide for optional, compulsory and advisory referendum for statutes. The League supports requiring that those who pass and sign petitions should be registered voters. The League opposes requiring a representative geographical distribution of signers of petitions.
- VII. Criminal Justice: Support of improved criminal justice procedures in Illinois. Study of the sentencing structure. Study of the alternatives to incarceration.
- VIII. Equal rights under Illinois law.

NATIONAL PROGRAM FOR 1980-82

(Adopted at National Convention, May, 1980)

Urban Crisis

Promote the well-being of America's cities.

Human Resources

ERA Ratification
Equal access to:
 Education
 Employment
 Housing
Income Assistance
Health Care

Promote social justice by securing equal rights for all and combating discrimination and poverty.

Study (1981-82)

Natural Resources

Energy
Air
Land
Solid Waste
Water

Promote the wise management of resources in the public interest and an environment beneficial to life.

International Relations

Promote peace in an interdependent world, through cooperation with other nations and the strengthening of international organizations.

Government

Campaign Financing
Citizen Rights
Congress
D.C.:
 Self-government
 and full voting
 representation.
Presidency
Apportionment

Promote an open governmental system that is representative, accountable and responsive to all citizens and that protects individual liberties established under the Constitution.

The above positions are given in complete detail in Impact on Issues, available from our Publications Chair.
