The meeting was called to order at 4:30 p.m. by the President, Shirley Moore.

The minutes of the regular meeting of January 21, 1982 were approved as printed.

Presenting his monthly report, Mr. Dumas stated as you will recall we had a drop in the December circulation and I was hoping we would come out of the end of January looking a little better because we still had uncounted circulation from December when the machines were down, but it didn't do enough. Circulation dropped this past month 3½%; however, we are still ahead approximately 5% in the year-to-date figure and it is hoped things will pick up now that the weather is improving.

Continuing, Mr. Dumas advised that the light pens which were reported on their way at the last meeting have now been received, but there is a little problem with one of them. Rolling Prairie has notified us they are going to begin remodeling the 22nd of this month - moving offices downstairs and the computer operation upstairs. This is preparatory to an expansion of the operation to serve other libraries in the area. Therefore, about March 9th or 10th they will move and we can expect to be down for a couple of days at the minimum.

During the month Mr. Marshall called, Mr. Dumas reported, about a Millikin class doing a marketing survey in the community for the Library. We should get the survey done some time this semester and the data collected, and should find out a great deal about readers currently using the Library and those people out in the community who are not using the Library, Mr. Dumas concluded.

Representing the Finance and Properties Committee, Mrs. Rossiter moved that the bills through January 31, 1982 be approved and Mr. Mueller seconded the motion. In discussion, Mrs. Rossiter questioned why such an expensive battery was procured for the 1971 station wagon and Mr. Dumas replied that our Maintenance Man thought it wise to get a strong battery due to the weather and the lack of cranking power. The motion as seconded was unanimously approved by a roll-call vote.

Mrs. Rossiter further moved the adoption of the Resolution authorizing the officers of the Board to execute the Warranty Deed to effect the transfer of the Library's Evans Branch property to the Third United Methodist Church. Mr. Susler seconded the motion and it was approved.

As Chairman of the Finance and Properties Committee, Mr. Marshall moved the adoption of the draft budget for fiscal 1982/83 and Mrs. Rossiter seconded the motion. The budget as proposed in the aggregate anticipates a fund balance going into the year of \$383,118, Mr. Marshall noted. That fund balance is the amount we have uncommitted at the end of the fiscal year that can be used to provide funds to pay bills during the first three months of next year until we get tax money; it is not surplus Mr. Marshall explained. Revenue expected for next year is \$1,430,500 most of which is from taxes by virtue of the levy adopted by the Council last September. Expenditures of \$1,472,665 indicate an excess of expenditures over revenues of \$42,000. Continuing, Mr. Marshall stated you will recall when we presented the levy request, the Council had us cut back the levy approximately \$35,000, indicating the fund balance we were carrying was a little high and could be invaded. So that is what we are doing to the tune of \$40,000, which will leave us with a fund balance at the end of fiscal 1982/83 of about \$341,000 representing about three months of expenditures. The 8% salary increase has already been negotiated and the only change in personnel is the addition of a half-time janitor which the City Librarian feels is necessary to maintain the building properly. The purchase of a new van to replace the 1971 station wagon is anticipated, and the book fund is up by \$20,000 to bring the Decatur Library more closely in line with other libraries of its size. The larger portion of the Illinois Per Capita Grant funds received will be used to augment the audio-visual materials budget and into video materials and equipment. Mr. Marshall commented that the Library Per Capita Grant this year of \$45,000 is about twice as much as we have received in prior years - a pleasant surprise - and emphasized that the Library's policy is to plan these expenditures for the year following the year we receive the grant so that we know we have the money available before spending it. The motion for approval of the 1982/83 draft budget, as seconded, was adopted.

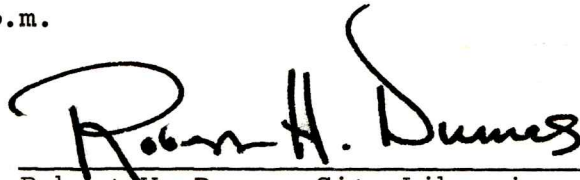

Continuing, Mr. Marshall stated the bonded interest fund, if you will, a separate account and entity through the years to levy taxes to pay off bonds and pay the interest on those bonds on our present building

has reached completion as it was reported at the last meeting that the last payment on those bonds had been made. As a result of the good investments over the years, the amount accumulated from the investment is \$66,000 which is now no longer needed in the bond and interest fund. The City's attorney feels that the \$66,000 ought to be used for capital items and my understanding is that he thinks this ought to happen fairly quickly, Mr. Marshall stated. The \$66,000 will appear on the Library's February financial statement under miscellaneous income. My thought is that we might put that amount along with the \$20,000 to the capital expansion fund already established, Mr. Marshall informed. It is Joe DeMichiel's feeling that at this point the money should be left in the general fund and we will call it to the Council's attention when we present our budget information. Continuing, Mr. Marshall stated he is not recommending a Resolution be passed at this time authorizing the money to go into the special fund, but rather put it on hold until we get a better feel from the City's attorney and financial staff of the Council as to how the money can be used. I am concerned and want the record to show that we do not want the \$66,000 just to be included in the general fund and forgotten because the intent is that the money be used for capital items, Mr. Marshall concluded.

Yesterday the Finance Committee met with the trustees of the South Wheatland Township Library Board to discuss possible DPL library service to that community, Mr. Marshall informed. It was an exploratory communications kind of meeting. We heard from them some of their concerns about any agreement that might be entered into - some of their questions about it - and we responded to them with the ideas talked about at our committee meeting. It was made clear to them we were not ready to make a commitment at this time. The South Wheatland Board is to get back to us after having digested the conversations. One of the specific things they will get back to us with is an amount they think they can afford for library service, Mr. Marshall explained. They do have the ability to levy up to 15¢ and could bring in approximately \$30,000. We have no formal proposal to make at this time, Mr. Marshall stated.

As Chairman of the Personnel and Public Relations Committee, Mr. Grieve moved that the Library's Classification and Pay Plan be amended by the reclassification of the Library Maintenance Man to Grade 20 effective with the pay period ending February 24, 1982. Ms. Taylor seconded the motion and it was approved.

There being no further old or new business to come before the Board, the meeting was adjourned at 5:20 p.m.

Honorable Mayor and City Council
City of Decatur

Gentlemen and Lady:

Enclosed is the proposed budget for the Public Library for the 1982/83 fiscal year, which was approved by the Library's Board of Directors on February 18, 1982.

The following table compares the proposed 1982/83 budget with the 1981/82 budget and with presently estimated results for 1981/82.

	Budget <u>1981/82</u>	Budget <u>1982/83</u>	% <u>Change</u>	Present Est. for <u>1981/82</u>	% Change of 1982/83 Bud. vs. Estimates <u>for 1981/82</u>
Beginning Fund Bal.	\$ 312,662	\$ 383,118	22.5%	\$ 322,839	18.7%
Receipts	1,289,900	1,430,500	10.9	1,337,265	7.0
Expenditures	<u>1,327,467</u>	<u>1,472,665</u>	<u>10.9</u>	<u>1,276,986</u>	<u>15.3</u>
Ending Fund Bal.	\$ 275,095	\$ 340,953	23.9%	\$ 383,118	(11.0)%

In addition to the brief explanations of major changes in the 1982/83 budget relative to present estimates for 1981/82 that are included with the enclosed materials, the following comments are presented.

The levy for 1982/83 is 8.1% higher than the 1981/82 levy. Budgeted receipts for 1982/83 are up about 11% from 1981/82 for two reasons. Interest income is forecast to be \$45,000 for all of this year, and \$40,000 for next year, relative to a current year estimate of \$24,000. The Illinois State per capita Grant recently received amounted to \$45,000. Based on prior experience, the estimate for this year was \$20,000. Although this grant is subject to annual appropriation, \$45,000 is also estimated for 1982/83. The Library Board budgets the expenditure of these grant funds for the fiscal year following the year in which they are received, thus the problem that could arise if the grant were reduced or eliminated is avoided. This practice, and the variation in the amount of the grant, complicate year-to-year comparisons however.

February 22, 1982

The total Personal Services budget for 1981/82 totaled \$968,000 (\$890,000 budgeted for object codes 101-109, plus \$78,000 budgeted as contingencies and provided for the expected wage increase). The 1982/83 total Personal Services budget of \$1,049,615 is 8.4% higher to provide for the 8% wage increase, in-grade increments, and a half-time increase in the janitorial staff. The current year expenditures for Personal Services will be less than budget because of temporary staff vacancies caused by turnover. It is the effect of these temporary vacancies that causes most of the relatively large percentage increase of the 1982/83 budget over current estimates for 1981/82.

Also contributing to the expenditure increase are two maintenance-type items: getting a start on the replacement of drapes, and reglazing of second floor windows. The Board believes these are needed items, and does not want to embark on a deferred maintenance strategy that could be more expensive in the long run.

Most of the rest of the percentage increase over current year estimates is accounted for in the capital outlay categories, and results from the \$25,000 increase in the per capita grant. Again it is emphasized that the funds for these items have already been received. The most significant item is the beginning of a video cassette and disc collection.

We presently estimate that the fund balance will increase \$60,000 this year. The budget anticipates a reduction of \$42,000 (11%) in the fund balance next year. The levy approved for 1982/83 was about \$35,000 less than was requested, and it was our understanding that the Council believed that the fund balance could absorb this difference. The Library Board believes that the slight additional reduction in fund balance will not impair the ability to pay bills between the beginning of the fiscal year and the receipt of taxes. The Board also believes that the proposed budget will permit continuation of a high quality public library program and facilities.

If there are questions about any part of the proposed budget, the Finance Committee of the Library Board will be pleased to try to answer them.

Thank you for your support and consideration.

Sincerely,

David H. Marshall, Chairman
Finance and Properties Committee
