The meeting was called to order at 4:30 p.m. by the President, Sharon Alpi.

There being no regular meeting of the Board for the month of December due to lack of a quorum, the minutes of the regular meeting of November 17, 1983 were approved as printed and mailed. The minutes of the special meeting of the Board on December 19, 1983 were also approved as mailed.

In his monthly report to the Board, Mr. Dumas noted in the packet sent to the Board he had included data he compiles each year describing Decatur's standing in comparison with other Illinois libraries population-wise for circulation, expenditures, and other information of interest taken from Illinois Libraries dated November, 1983. For the most part, Decatur looks very good. Also forwarded was a comparison with National Public Library Indexes taken from American Libraries (Sept., 1983). In the 10-year period covered, our circulation increased 32%. In comparison of expenditures of 1980 dollars, the statistics show that our budget has been roughly the same for the last ten years. I think this is significant, as our circulation during this 10-year period has grown something like 100,000 with the same dollar expenditure, Mr. Dumas informed.

Mr. Dumas stated he had a meeting with Chuck Hale, the Millikin University Librarian who has been engaged by Rolling Prairie as a consultant. Mr. Hale's charge seemed to be more or less to mediate between RPL and DPL with respect to the questions we have regarding the computer and to the problem of the expanded data base and authority control. Mr. Hale agreed there is a real problem with the conversion and authority control and he doesn't know what the answer is, because he felt our observations were well founded. He suggested that, if DPL would be agreeable to assume responsibility for authority control, with staff paid for by Rolling Prairie, this might solve the problem. I told him, Mr. Dumas continued, I thought this would probably be agreeable, but that

same proposal had been made to RPL over a year ago and had not been acceptable to them at that time. Mr. Hale advised Hugh Atkinson, the other consultant for RPL, will be coming over soon for further discussion. Mr. Susler stated he was unaware the two consultants hired by Rolling Prairie were to mediate differences and wondered why we didn't have something to say about who the consultants would be, as that is contrary to what we were told their function was. Mr. Marshall stated he did not think we would be committed to any arbitration since they are paying the consultants, and we should have no obligation to buy anything that is said, but should be something we can talk to them about.

Continuing, Mr. Dumas informed a meeting has also been set up with Mr. Plotzke, Mr. Johnson, and a representative from the Illinois State Library to discuss some of the issues which had been proposed by our Ad Hoc Committee when it met with the RPL Board several months ago.

Mr. Dumas advised the Board that the Library has taken steps to terminate a staff member, Mr. Clarence Wheatley. We have submitted a list of charges and specifications to the Decatur Civil Service Commission for his termination. Mr. Wheatley has been making personal telephone calls at night to patrons of the Library. He did not cease doing this after he was instructed to desist.

For the record, Mr. Dumas noted the schedule of meetings of the Board and Personnel and Public Relations Committee, prepared by the Library's attorney, has been sent to the appropriate news agencies and has been posted as required on the Library's bulletin board downstairs.

As Chairman of the Finance and Properties Committee, Mr. Marshall moved on behalf of his Committee, approval of bills for November and December, 1983, Mrs. Rossiter seconded the motion, and it was unanimously approved by a roll-call vote. Mr. Marshall asked if we had received any responses to our ads for a Y-AV Librarian and Technical Services Supervisor. Mr. Dumas answered there were many responses and two interviews have been scheduled for the Y-AV position and one will probably be scheduled soon for the Supervisor's position. Mr. Grieve wondered if the Library plans to get into the laser disc program, and Mr. Dumas stated - not now, as patrons lack equipment and materials presently available lack variety.

As Chairman of the Personnel and Public Relations Committee, Mr. Grieve moved that Article II, "Circulation of Library Materials" of the Code of Library Policy be amended in Section 5 of Paragraph D, by the addition of the following:

- (e) The City Librarian may, at his discretion, cancel charges for phonodiscs returned damaged but which the patron claims were damaged prior to his borrowing them, provided such claims are not made more than three times and are not made for more than a total of three items.

Mr. Mueller seconded the motion. In discussion, Mr. Susler queried why the policy did not include this discretionary power of the City Librarian to all types of material, and Mr. Dumas answered this might be difficult to do at

the present time, but that he might come back to the Board for broader coverage later. The motion as seconded was approved.

Mr. Grieve further moved that the Classification and Pay Plan included as Appendix I in Article III be replaced by the Classification and Pay Plan dated January 19, 1984. Mr. Seidman seconded the motion. Mr. Dumas explained that the Civil Service Commission did a new survey, wrote new job descriptions, and assigned new job titles for library positions, so that the old titles are no longer applicable. Mr. Marshall asked if there were pay grade changes or function changes, and Mr. Dumas answered they remained the same, just new titles. Mr. Seidman asked how restrictive the job titles are, and if duties between different classifications are interchangeable, and Mr. Dumas replied this could be done on a short-term basis. The motion as seconded carried.

As DPL's representative to the Rolling Prairie Board, Mrs. Alpi reported she believes she is beginning to be noticed. In the charge to the two consultants employed by RPL, Mr. Plotzke stated that the computer data base is owned by Rolling Prairie, and I challenged that statement, Mrs. Alpi stated. Mr. Plotzke indicated this was something Mr. Hale and Mr. Atkinson would study.

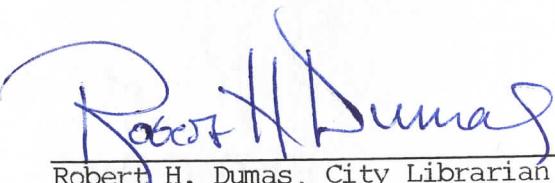

Reporting on her last meeting as a member of the Multitype System Conversion Committee, Mrs. Moore stated her original proposal which we voted on and approved was that the Multitype Board consist of 15 members - 1 for academic, 1 for school, 1 for special, 1 for Springfield, 1 for Decatur, and 10 members for the other 42 public libraries. Mrs. Moore stated they asked her to reconsider her motion and she refused to do so. The counter proposal which will probably come up later for the 15 member board is 2 for academic, 2 for schools, 2 for special, 1 for Springfield, 1 for Decatur, and 7 representing the other 42 public libraries. Mrs. Moore stated the law specifies that 51% of the new board have to be public library trustees and does not exclude librarians. My concern is that we will probably have at least six librarians on the board, and maybe more, without violating the law. I want to know how you feel about it, she concluded. Mr. Marshall observed that the point made by Mrs. Moore earlier about the potential for professional intimidation on a board like that is well taken - we are the experts; this is what should be done. It seems to me, Mr. Marshall continued, that the whole concept hangs on lay control, and I think we should not relinquish that lay control or permit intimidation by professionals. Mrs. Moore stated she felt the public libraries are the basis for the library system and that lay control needs to be assured. Mr. Susler agreed with this and stated he does not like the idea of State control over libraries. "I think it has gone out of our hands, and I intend to express it", Mr. Susler stated. "This is a matter for discussion all over the State and I am afraid there has been very little discussion of it." Mrs. Alpi stated she was in sympathy with Mr. Susler and with Mrs. Moore's frustration. As President, she asked Mrs. Moore and Mr. Susler to comprise a committee, draw up their feelings and resolutions of how they feel the Board should respond, and advise other libraries in the region of our feelings.

Under New Business, Mr. Dumas stated he had forgotten to mention the Library has received a campaign poster photograph of Abraham Lincoln which was donated to the Library by the late Elbert Smith.

Under Old Business, Mr. Marshall expressed his appreciation to the Staff for the Christmas luncheon, and the very fine DPL cookbook.

At this time the President presented Mr. Susler with a wedding gift on behalf of the Board.

The meeting was adjourned at 5:45 p.m.

1 These data were taken from Illinois Libraries, Vol. 65, No. 9 (November, 1983)

2 \$14,653 has been deducted from Decatur Public Library expenditures, the better to compare with figures from other libraries for whom contributions to the Retirement Fund are paid by special levy by the City.

\* The number of transactions or circulations reported by various libraries may include bulk loan to other institutions for recirculation and also renewal of materials already in circulation as well as other anomalies. The number of renewals will also depend upon the length of the loan period: libraries with a two-week loan period are of course more likely to have a higher renewal rate than libraries with a three or four-week loan period.

1. Many librarians feel that comparison by population size does not provide the best indication of relative performance. A comparison by budget size, according to this view, reflects by implication social, education, and economic features that permit more meaningful relations.

2 \$114,653 has been deducted from DPL expenditures, the better to compare with figures from other libraries for whom contributions to the Retirement Fund are paid by special levy by the City.
