Dear Les:

Pursuant to your letter of June 10, informing that moneys to be expended from the trust funds must first be appropriated, and that the Library Board should take such action if they contemplated using such funds this year, I wish to advise that the Board of Directors at its meeting June 16, 1977, approved the following motion:

That the Library Budget, 1977/1978, be modified in Activity 942 Trust Fund (Breckenridge) to include a request for \$4,000 and that Activity 944 Trust Fund (Bridges) be modified to include a request for \$800; and that these additional funds be added to the Library's Appropriation Ordinance.

Cordially,

Robert H. Dumas
City Librarian
