Freshmen enter the pace of high school a little scared and uncertain. But soon we found friendliness, not only in our fellow classmates, but in upper classmen as well. At St. Teresa we got right into the swing of things with Freshmen Initiation and many other activities. We are learning that there is a whole new world open to us.

About people there's always a lot to say:
 There are the fun people, the boring people
 and the kind;
 there are just so many I can't make up my
 mind.

People come in all sizes and shapes;
 People in general are really great,
 whether they're on time or a little late.

People are always at their best with friends.
 Friendship is one thing about which no one
 pretends.

Each day we live, love and learn a bit more,
 because with friendship we can open any
 door.

INVASION

Take us to your leader?

Suzy Bussing, Tim Potts are farthest - out!

The class of 1977 landed at St. Teresa with every intention of taking over. Seniors staged Initiation '73 to welcome the newcomers to the home ground with fun and just a bit of haz-ing. The intentions and the welcome resulted in craziness, a sense of belonging and some brand new friendships.

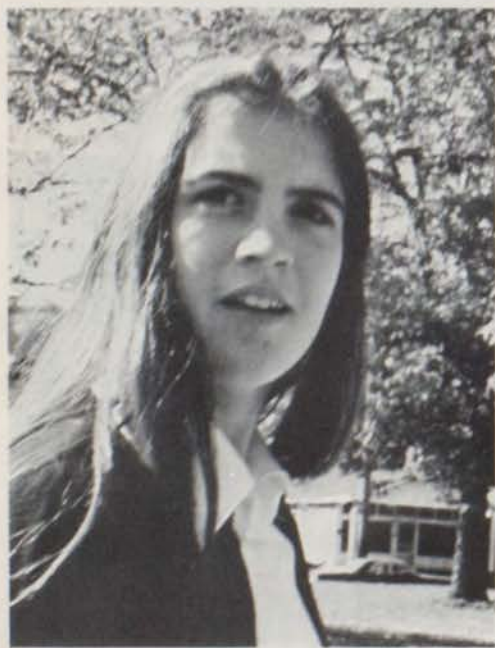

All-Star Freshmen Card -- bad threat.

Moving ahead as each year goes on. Growing not only in academics, but also in spirit. Each year everyone finds a few more people to call friends -- people that last year wouldn't have been considered friends of the future. The second year is spent more at ease and now Sophomores can talk to Seniors! Sophomores keep the spirit moving, giving Freshmen an idea of how great it is to be a Sophomore. By the time this class becomes Seniors its vitality will be so apparent that it will keep all of St. Teresa's moving!

Sophomores. . .in spirit, in academics. . . always. . .GREAT!!

We can fly to the moon
and go off to war ten times a day.
There's a way, there's a way.
Right now, though,
We're just a part of spaceship earth.

Someday we'll win, we'll win.
Someday, someday, again and again.
We can only hope for a real rebirth,
for now we're just a part of spaceship
earth.

Junior year is a step up in the world. We're not lower classmen anymore, but we're not quite Seniors yet either. It seems that these days and years have gone so quickly. We've made some real progress. Just think -- this time next year we'll be on our way to separate goals. We've had lots of fun! Think back -- Freshmen year -- our float! Oh brother! But this year as Juniors we built a first-place float! We seem to do better as we go along. As Freshmen, we weren't sure who was who. Junior year finds us good friends with all the kids who were called what's-their-name in our early days here. Surprisingly enough, we all seem to have survived these three years.

Where do we go from here? For four years we've been on a charted course of trying, learning, reaching out, and reaching in. Now all is definitely indefinite; our goals are uniquely our own. We spread out, apart, plot individual destinations--but with plans influenced by our struggles and joys together at St. Teresa. Alone outside in the vastness of space, yet together within in intensity of spirit, the class of 1974--the class with class--takes off!

"Ten weeks is too short to absorb everything about a country as lively and progressive as Brazil, but a fantastic family showed me so much of it--the people who were quick to become friends, the customs, the beautiful country, the almost impossible portugues! The most valuable of their many gifts to me was themselves--their demonstration of unquestioning love proved, to me at least, that there is hope for the passengers of spaceship Earth."

An ideal personified, a dream realized,
a goal reached, a people touched --
A.F.S. brings people close.

This year at St. Theresa has been, for me,
a truly enjoyable and rewarding time. My
thanks can never express the gratitude that I
feel towards the faculty, student body, and
most especially the A.F.S. Club. The Hanna-
pel family with whom I have lived for a year,
and whose sister and daughter I have become
forever, are one of the most beautiful fami-
lies in the United States. Thank you every-
one for a wonderful time in your country!

Birdie Flies!

"Oh yeah!"

Mrs. Hunsinger dolls up Rosie.

Rosie (Necia) makes her escape, pursued by Shriners.

The musical, *Bye-Bye Birdie*, was filled with energy and fun. The plot of the play revolved around a teenage idol, Conrad Birdie (Rick Forbes), one of his ardent fans, Kim MacAfee (Jenny Morthland), Conrad's manager, Albert Peterson (Bill Thompson), Albert's girlfriend-secretary, Rose Alvarez (Necia Dowd), and Kim's boyfriend, Hugo Peabody (Russ Hollingsworth). The main characters were supported by a fine cast including Vincent Lipe, who was excellent as Kim's raving father, and Trena Kozak, Kim's frantic mother. Lively and swarming with teenagers, *Bye-Bye Birdie* was filled with suspense, excitement and comedy - - and it all came about with a lot of hard work from the people involved and the director, Mrs. Hunsinger.

Necia Dowd and Russ Hollingsworth received 1st place in the Carterville Invitational Speech Contest. In the IHSA District Contest, Necia and Russ won a 2nd, Kelly Barnett a 3rd.

Attending St. Teresa, compared to running it is simple. For the students do not have to contend with the day to day problems, as S. Catherine, S. Clotilde and Mr. Foy do. They know the problems and accept each with determination.

The difficult duties of running S.T.H.S. fall upon the shoulders of S. Catherine, Principal.

Down to Earth...

This year's float building was exceptionally good--and fun to do. Everyone showed their enthusiasm throughout the week. The night the winner was announced, there was a mob of anxious and excited students. Each class wanted that first place prize. The Juniors were the lucky winners, with the Seniors running a close second, followed by the Sophomores, then the Freshman. It was a very memorable occasion for everyone involved.

The Bonfire was a very special occasion for everyone. It brought out deep feelings of closeness and friendship within our school. Examples of this unity in our school are our great football team and the girls on the homecoming court. Out of the skyrocketing event Janet Ernst was announced as our 1973-1974 Homecoming Queen: then Tom Miller expressed in a spontaneous speech the feeling of friendship within us all.

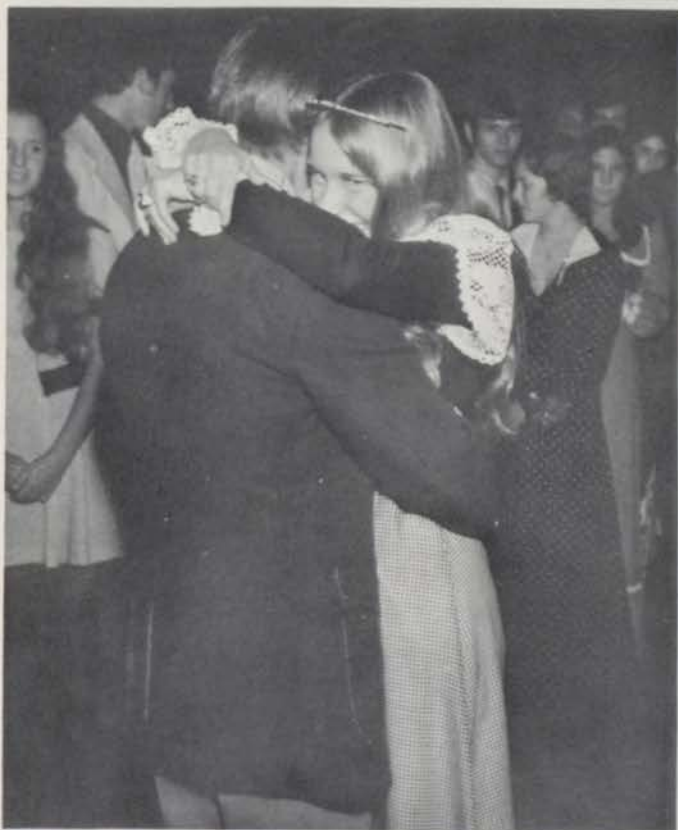

...STHS Homecoming 1974

38 - 0!!!

What a score! But not much else could be expected from a homecoming game with a team that hasn't touched ground since the beginning of the year, making it much too difficult for the Lakeview Spartans to catch us as we breeze by.

Homecoming means coming home—returning to school, coming back to home to friendships left behind. Chosen by friends, Janet Ernst was crowned by an alum who came back, Barb Bean, as the Court: Joanie Heynen, Linda Kleiss, Jenny Morthland, and Sue Yonker watched.

Homecoming 1974's theme reflected the mood of the season of the beginnings for STHS-er's. "Injun Summer-Autumn Love" captured the excitement of football, the rush of school's starting, the warmth of a bonfire's glow.

This year was a very special year for the S.T.H.S. Bulldogs. 10-0 is pretty good, and for that record the Bulldogs were named Okaw Valley Champs for the third year in a row. The awards don't stop with the team; many individual awards were given to guys on our team. One of the most outstanding was All-American Mike O'Connell. Along with the snow and cold weather, the St. Teresa Bulldogs were getting ready for another season of sports: basketball. And just like the good and bad weather, the team had their ups and downs. But when they were down, it only meant they worked their hardest to get that ball and those points.

On the court playing their best were senior players Rick Forbes, Craig Bundy, and Dennis Henderson. Rick was named to the All-City first team and the Okaw Conference first team. Craig was named to both second teams. Dennis was voted the Most Improved Player Award while Craig and Rick shared the Most Valuable Player Award. Congratulations, Bulldogs, on another winning season!

Coach Munn displays some muscle power.

Awards Day was chosen to present Coach Munn with the news that the Universal Gym was named the Munn Room in appreciation for all the work that he had done for it and for the school's sports. Coach was greeted with a standing ovation that heaven may have heard.

Respected? Yes. Loved? Yes. Feared? Maybe a little. Missed? You bet he will be! Our wishes for good luck are with him wherever he goes.

One drop of rain
cannot fill a fountain
one grain of sand
doesn't make a mountain.
And a handful of dirt
is just about all we're worth
in the eyes of the man
who made us all from the earth.

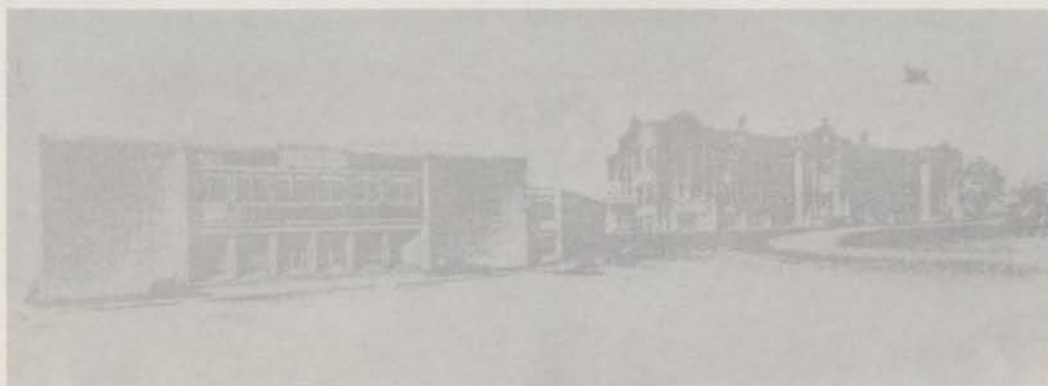

Those who go alone
those who go together
those who give the world its trouble
those who make it better,
we're all on our way to dust
from the day of our birth.

From the ground we've come
and we're all going back to earth,
so stay for a while with me
walk another mile with me,
live another day for what it's worth.
Tomorrow and tomorrow and tomorrow
we'll go back to the earth.

It's 8:10, the P.A. comes on, QUIET! For we, the students, this is Student Council. But there is sure plenty more: like homecoming, students-faculty relations, field day, and many other jobs and events that aren't even known. Student Council is a full time job and this years officers have put in their time. We now have new officers, but many thanks have to go to Joanie, Steph, Pete, and Mrs. Ahola.

Student Council Advisor, Mrs. Ahola.

With a change in companies, sponsors, and staffs, there were doubts that the yearbook would be published this year. It's here, but it was a long, hard climb.

The book is unique—it has a spacy theme, a sideways sports section, and a totally different class section—because we wanted something refreshing and extraordinary.

A big thanks goes to Bob Donnelly, our faithful yearbook advisor, who taught two girls who had never planned a page to partial bleed, center a headline, and use a confusing proportioner. We couldn't have done it without him.

While it seems like only yesterday we were chasing after people who didn't show up for pictures, or rushing around the school to meet a deadline, or laughing at a word that just wouldn't fit, we're glad it isn't. It was a rewarding experience and we're glad we had it, but now it's someone else's turn.
