City Librarian's Report for October 2022

Administration

- I continued to work on the 2023 Budget proposal.
- On the 5th I met with new Friends of the Library President Connie Peters.
- On the 11th I held two all-staff meetings.
- Also on the 11th, Board President Sofia Xethalis and I met with Decatur Chief of Police Shane Brandel to discuss guidelines for using off-duty police to provide security at DPL.
- On the 12th, Alissa Henkel and I had a telephone meeting with Ed Simmons, producer of Project Viewpoint with Dennis Quaid to discuss the possibility of DPL being a subject of one of their videos that air on PBS.
- On the 13th I met with a committee from Friends of the Library to begin planning their use of their future space on the 1st floor.
- Also on the 13th I attended a training on new updates to City Financial software.
- The week of the 17th I was in Rosemont, IL for the Illinois Library Association Annual Conference. I will send a separate report.
- On the 24th I attended the annual meeting of the Decatur Public Library Foundation.
- I worked on several policies and with architects and city purchasing to prepare for bids to be let.

Circulation

- Please see statistical spreadsheet/charts.
- There were 10 curbside pick-ups in September
- 17,443 expired registrations were removed from the database. 5 file boxes of expired patron cards will be sent for destruction.
- 2,862 patrons need to be converted to email or text messaging. Staff will begin making calls in November.
- Jennifer Pride served on DEI Engagement Committee.

Technical Services

- See statistical spreadsheet
- Carol Ziese continued to serve as leadership liaison for DEI Engagement Committee.
- Karen Williams served on the DEI Engagement Committee.

Programs, Resources, and Services

• Please see attached spreadsheet for statistics.

- Katie Eytchison and Alissa worked with the Reducing Isolation Committee which includes
 Starting Point to set up a grant and partnership agreement to provide loaded tablets to isolated
 seniors.
- Katie and Alissa attended the ECIAAA event at Scovill Zoo in which Decatur was declared a Dementia Friendly Town. There were brainstorming sessions at the end to determine other ways Decatur can be dementia friendly.
- John Schirle is teaching Susan Bishop how to manage the Kids portion of the DPL website.
- Susan and Alissa began READiculous visits to local schools again. They also created a "new" show for the Holidays.
- Jess Hill created a resource board for patrons to use when she is unavailable. Resources include the following: mental health and substance use services, housing, access to food, employment, financial assistance, senior resources, and government information. 146 different resources were taking in the first month that it was up. Kasey assisted.
- Alissa attended the first in-person ILA Conference since the pandemic began.
- Carol Ziese and Alissa interviewed five candidates for the part-time Library Assistant position along with Penny Rodgers from City HR.

Systems Administration

- See spreadsheet for statistical information.
- Matt Wilkerson renewed our IceWarp email software for another year.
- Matt rebuilt our Patron Proxy server to another faster computer.
- He worked on getting the lobby display mounted, also testing and working on instructions for updating the display.
- All City purchased cameras are mounted and recording.
- Chris Nihiser's testing with Deep Freeze is ongoing.

Archives and Special Collections (formerly Local History)

- Please see spreadsheet for statistics.
- Leeann Grossman talked to a Millikin University elementary education class on October 3 about how local history rooms could benefit their curriculum. There were 18 students in the class.
- Leeann gave an interview to WAND on October 3 about Family History Month and the displays we have in the room. This interview was in response to the press release we sent out in late September.
- Tina Horve continued to work on the Charles Emery Papers. The collection has been organized, and she is working on the finding aid and labels. This is the third collection she has worked on since starting her internship in August.
- The 150th Anniversary Committee met on October 27. They have been working with Jones & Thomas on a logo for the anniversary, and are currently working on adjustments to what was sent.
- Becky Damptz unfolded and mended 133 railroad maps from a donation we received in 2017. The maps are fragile, and range from 1906 to 1951. The maps will be digitized and encapsulated in polyester. The originals will be stored flat on the top shelf in the work room, while the digital copies will be made accessible to patrons through Omeka.
- Becky completed the Malone Family Collection (#5.006) this month. The collection will eventually be made available on Omeka.

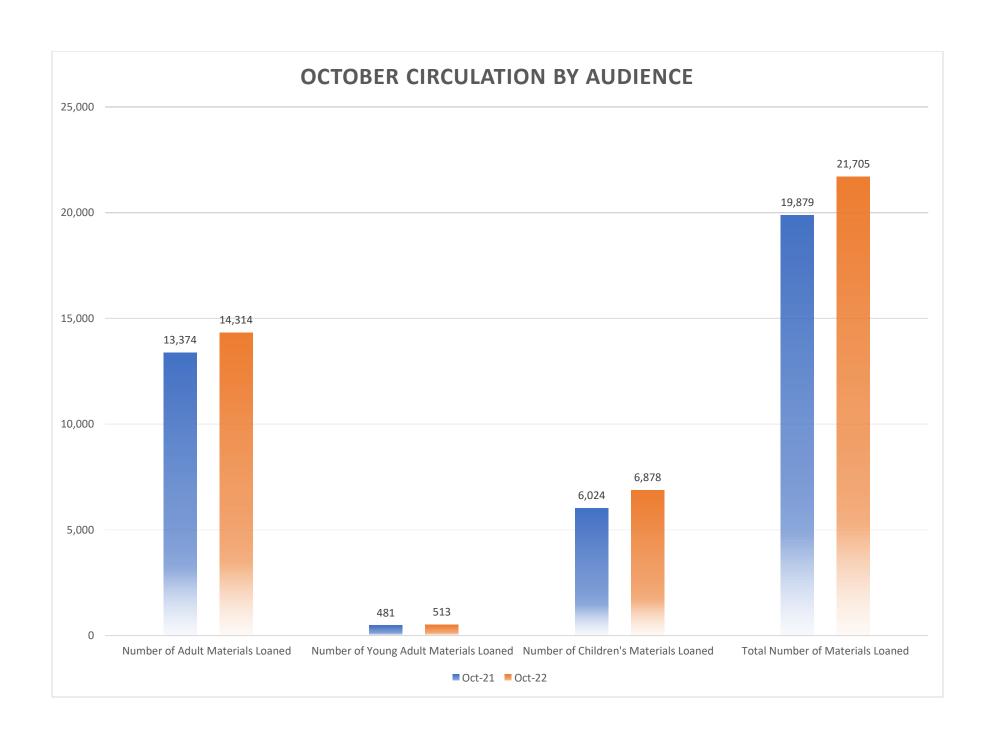

• David Frahlman and Pat Riley put up their family history display. This includes the photos of the Roberts family, Foulk family, and Zerfowski family, and also a section on family reunions in Decatur. The display will be up through November.

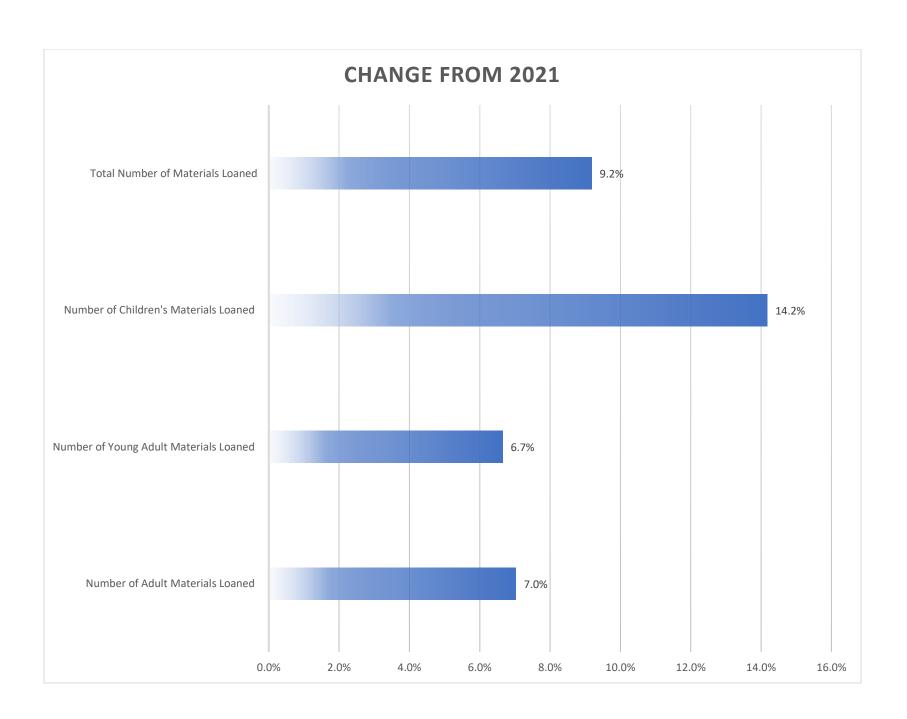

Respectfully Submitted,

Rick Meyer

Rick and Alissa-

It was a real pleasure speaking with you both yesterday; I enjoyed the conversation.

Thanks for taking the time to discuss the programming that I'm producing for *Viewpoint*, a short-form educational series, hosted by Dennis Quaid airing on Public Television Stations, next to programs such as *Nova*, *Financial Matters*, *The Antiques Roadshow*, *Frontline and This Old House*.

Our main focus is in producing compelling and educational content and featuring thought leaders and experts in a variety of fields.

I am currently developing a programming initiative featuring organizations that are having an impact on their communities. As part of the initiative, I'm interested in educating our viewers about what library professionals do and how they do what they to foster a further understanding and appreciation of the important role they play and the significant impact they have on the people they serve.

Decatur Public Library appears to be a good fit for a story to highlight all that a modern community library has to offer and to underscore how libraries can enhance the quality of life for all through equitable access to information, services and opportunity.

Featured Guests are selected based on their desire and ability to communicate an educational story-line suitable for viewing on Public Television Stations and their ability to participate in an on-location shoot within the next 2-3 months.

If we invite you on the series, there are three requirements:

- 1. You agree to adhere to the timeline for the project.
- 2. You are available for a one-day, structured, onsite location shoot.
- 3. You have the available resources allotted for underwriting the cost of the project, which is \$25,900*.
- optionally, there is an additional travel fee of \$3,500 IF we film domestically, within the contiguous U.S. outside of South Florida.

As a thanks for collaborating with *Viewpoint*, your library will receive licensing rights to the three digital assets: the Public Television Story, the 1 minute segment and the 5-6 minute short documentary video. You also have access to all the raw footage. (You can re-edit the raw footage and re-purpose the 1 minute and the 5-6 minute video segments for content that can be used for fund raising, volunteer recruitment, social media outreach, digital newsletters, video streaming, vlogging, etc.). You can re-air the one-minute segment on cable TV or re-edit for online video streaming pre-roll, as well.

For more information about the project, click on the following link: www.viewpointproject.com. The first video featured on top of the home page (click on the arrow-play button) is a story on Diversity, Equity & Inclusion featuring Southwest Airlines. To watch some previously produced programming and content from previous seasons, hover your mouse over **PORTFOLIO** on the menu bar on top of the website and then you can click on each category (PTV Story, 1 minute commercials and 5-6 minute short

documentary/identity piece).

For starters, I suggest clicking on PTV LINK, scrolling down to EDUCATION and the fourth segment (COMMUNITY COLLEGE) highlights the important role that community colleges play in preparing students with the skills they need to enter into today's (and tomorrow's) workforce. For an example of a short documentary video, click on: CORP. DOC. LINK scroll down to TRAVEL & ADVENTURE and the fifth segment features Cocke County, TN as a great place to live, work, play and visit. Lastly, for an example of a one-minute segment, click on: ONE MINUTE LINK, scroll down to CULTURE and the second segment features the Amon Carter Museum of American Art. Please keep in mind, each project that we produce is completely different from one another, but these will give you a basic understanding of our style and format.

*While we don't accept corporate or foundation sponsors for the series as a whole, we do allow corporate and foundation benefactors to help underwrite one-off projects. Any counderwriter(s) of the content will receive a billboard recognizing the co-underwriter's support. A 10-20 second billboard will be placed at the end of the Public Television Station story and the 5-6 minute short documentary. A 5 second billboard will be placed at the end of the one minute segment. Alternatively, a co-underwriter's spokesperson/spokespeople may be interviewed on camera. Again, this is an option if you did not want your organization to fund the project entirely on its own.

Here is a video link to the Smithsonian Story: <u>Smithsonian PTV Story</u> | (https://player.vimeo.com/video/702882727)

In this particular case, the billboards lasted a total of 15 seconds; the Smithsonian used 5 seconds and provided its funders/sponsors: Johnson & Johnson and the Gordon and Betty Moore Foundation with 10 seconds. We have flexibility with the Decatur Public Library and its potential sponsor(s) to extend the billboards longer, if you/they wanted.

Please feel free to share the video link with any potential benefactor. Also, if you need me to talk to anyone, answer any questions, etc., please let me know.

We also have another section (click your mouse on **INVITE** on the top of our home page or click on this link: <u>Invite Link</u>) with materials such as the questionnaire, demographics, details of the project, etc. for you to review:

Password: documentary

I'll review my notes from our conversation with Tony Williams, the V.P. of Program Development to get the green light. I will reach back out, if Tony has any questions and/or to let you know his thoughts.

In the meantime, if either of you have any questions for me, give me a call at 561-244-7620 ext. 208.

Best Regards-

Ed Simmons

Recap of the project (see first attachment):

Public Television Story

A 3-5 minute educational segment produced and distributed as a standalone story to U.S. Public Television Stations for unlimited broadcast (estimated reach is over 60 million households). In addition to the national distribution, a special feed of this story will be provided to emphasize additional airings on Public Television Stations in Macon County, Illinois.

Educational Short Documentary

A 5-6 minute short documentary, or identity piece, that will be used in a narrowcast campaign inviting 1,000,000 email addresses within demographics of your choice (age, gender, zip code, etc.) to watch the video via a 'private screening'. The average open rate is 16-18% and the average click through rate is 2-4%. The 5-6 minute short documentary will also be digitized for video streaming on your website.

Educational One-Minute Segment

A one minute educational segment is produced and will air 50 times in the city or cities of your choice, primetime, on FOX Business Network, CNN, HGTV, National Geographic, Discovery Channel, BET, History Channel, Lifetime (and/or similar networks). As an alternative to airing the one minute segment 50 times, we can produce a 30 second segment and air that 100 times, primetime, in the city or cities of your choice on the aforementioned networks.

REGIONAL

Public Television Documentary

Viewpoint short-form documentary (3-5 minutes) will be distributed to Public Television stations in all 50 states, airing for one year, for unlimited broadcast (estimated reach for one year is 60 million households). The short-form documentary is hosted by Dennis Quaid.

5-6 Minute Corporate Profile

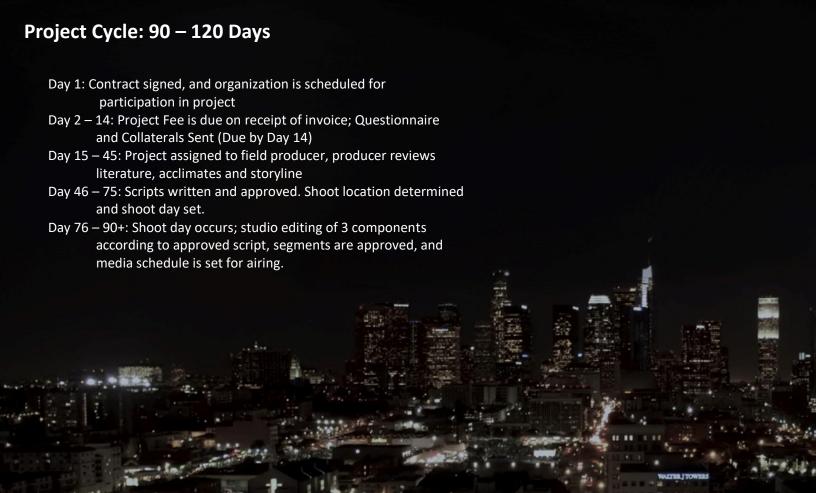

Viewpoint will provide the production of one (1) broadcast quality, 5-6 minute educational documentary profile in HD with expansive and detailed information documenting the issues and educational message that concern your target audience.

Internet Media

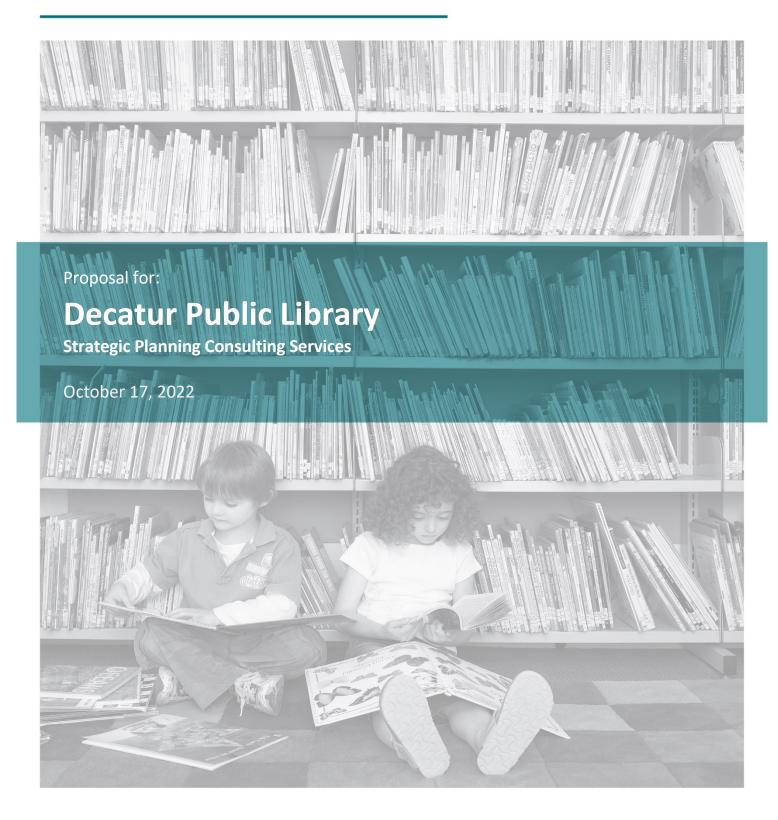

Viewpoint will digitize the 5-6 minute documentary into a digital file for streaming on your company or organization's website, and will be delivered in a format for streaming on social media. Viewpoint will design and generate an email campaign to your narrowcasted audience sending up to 1,000,000 video emails from the Viewpoint email database.

Commercial Television Airings

Viewpoint will provide the production of one (1) highend one-minute educational commercial segment used for network distribution, broadcast fifty (50) times prime time via MSNBC, CNBC, CNN or an equivalent network, and in the city / cities of your choice.

LETTER OF INTRODUCTION

Decatur Public Library Attn: Rick Meyer 130 N Franklin St Decatur, IL 62523

Dear Mr. Meyer,

Library Strategies is pleased to submit the following proposal to facilitate Decatur Public Library's strategic planning process.

As demonstrated by this proposal, Library Strategies offers unique insights and specialization to continue support of the Decatur Public Library for its strategic planning goals. Our team includes distinguished members of the library community, ready to apply their knowledge and experience to guiding the staff, board, and township and other stakeholders in developing an actionable strategic plan for the Library.

Library Strategies Consulting Group 1080 Montreal Avenue, Suite 2 Saint Paul, MN 55116 Primary Contact: Alayne Hopkins Director of Programs & Services (651) 366-6488 alayne@thefriends.org

We look forward to the opportunity to work with the Decatur Public Library team and stakeholders. Thank you for your consideration of our attached proposal.

Best regards,

Alayne Hopkins

Director, Library Strategies Consulting Group

EXECUTIVE SUMMARY

Decatur Public Library is a valued organization with a dedicated board, and staff that serves the growing community of Decatur, Illinois. Today, the Decatur Public Library remains a cornerstone of the

community, providing not only print and other hard copy materials, but also a rich digital library, on-line classes and resources, programs for all ages, local history materials, and much more. As the Library looks ahead to strategic planning, there is a strong interest to incorporate the

diverse and varied voices of the Decatur community: Library users, non-users, and stakeholders including board, Friends and staff, in order to strengthen its position as a valuable resource that continuously provides meaningful services reflective of the needs of its service area.

Through the surprises and instabilities of COVID-19, as well as opportunities created through the last strategic plan, the past few years have seen much change and growth for the Decatur Public Library. Now is an opportune time for Decatur Library to establish a comprehensive strategic plan, and having worked together before, Library Strategies is pleased to continue our partnership. As outlined in our proposed Methodology, Library Strategies utilizes a number of unique tools to engage and incorporate inputs from a wide range of internal and external stakeholders. This multi-pronged approach allows us to articulate a vision and goals for Decatur Public Library that will complement and support your mission and values.

We propose a broad-based and rigorous strategic planning process that effectively incorporates multiple community input opportunities with a scope to include services, collections, programs, and operations. Community engagement activities can include surveys, one-on-one interviews, focus groups and/or a community retreat, designed to hear and incorporate the diverse voices and visions of the community. At the conclusion of the strategic planning process, we believe the resulting strategic plan can set the Library on course to continue its responsiveness to varied community interests and build a dynamic future for the Library and Decatur.

Library Strategies believes that our team is well matched to partner with Decatur Public Library stakeholders on the design of the Library's next strategic plan. Library Strategies is mission-driven in our work to provide unique services that facilitate libraries and library support organizations to strengthen their position and effectiveness in their communities.

ABOUT US: QUALIFICATIONS & EXPERIENCE

Library Strategies is a consulting group of The Friends of the Saint Paul Public Library – the foundation of the Saint Paul (Minnesota) Public Library system. We are the *only* consulting group in the country based *inside of* a library support organization. Moreover, our consultants are leaders in the national library community, and outstanding professionals in allied fields, who each offer decades of expertise and a wide range of practical skills.

We offer a unique set of services designed specifically to strengthen libraries and their communities. These services include:

- Strategic Planning (using our Rapid Results Planning™ model)
- Facilities and Space Planning
- Feasibility Studies + Capital Campaign Counsel
- Staff Planning
- Friends and Foundation Assessments/Plans
- Library Operations Audits
- Fundraising and Advocacy Training
- Board and Staff Leadership Training

The Friends of the Saint Paul Public Library formally established Library Strategies in 2006, to provide insights and hands-on assistance *solely* to libraries and library support institutions. Our teams have partnered with organizations in 34 states, Eastern Europe, and the Middle East. Clients range from small libraries in rural Tennessee and Wisconsin, to national bodies like the American Library Association (ALA) and Council of State Library Agencies (COSLA), to public libraries in places as far afield as Romania and Saudi Arabia.

We pride ourselves on innovation. In recent years, Library Strategies developed a comprehensive "capacity building" training program for small and rural libraries in Wisconsin, Minnesota, and North Dakota. We've also designed a replicable, scalable "train-the-trainer" program built upon our Rapid Results Planning™ process, which has been rolled out to library directors throughout Georgia, South Carolina and southeast Florida. Our team also proudly designed, structured, and implemented an exciting and first-of-its-kind children's "One Read" program for the State of Minnesota. In 2013, Library Strategies published, *Beyond Book Sales: A Comprehensive Guide to Library Fundraising* (American Library Association Press).

Our Mission and Values

Libraries are vital centers for community connection, collaboration, and inspiration. But libraries must continually hone their skills and adapt to a changing society to thrive. Library Strategies exists to cultivate your potential – so that you can better serve and strengthen your community over the long haul.

We strengthen communities, one library at a time.

- We believe in libraries. We get libraries. We're a nonprofit housed within a library foundation. We understand library missions because they are our mission. We also understand the challenges libraries and library organizations face. We bring this passion and library-focused knowledge and experience, and tailor it to achieve your goals.
- ➤ We help you serve your community by engaging your community. We enlist individuals representing a wide swathe of your community, to get to know their aspirations and help them understand (and you to articulate) how libraries can help people achieve those goals.
- ➤ We bring a "comprehensive perspective" to your project. Whether you're looking for fundraising, marketing, strategic planning, advocacy, or other guidance, we approach your project in the whole context of you: your current capacity, your future goals, and your desired influence on your community.
- > We turn big ideas into practical insights that help you create meaningful change. We lead national conversations about the future of libraries, but more importantly, we've developed unique tools and action plans that equip your organization for tomorrow.
- > We are your ally. We connect with your key stakeholders to engage them in the process, help them adapt to change, and empower them to be advocates for your plan, so that the results are meaningful and sustainable after we leave.

In short, we are passionate about helping clients deliver on their missions and achieve their visions for increased community impact. You will find our team smart, experienced, creative, passionate, and dedicated to libraries.

Library Strategies' Commitment to Diversity, Equity, and Inclusion

Library Strategies, as part of The Friends of the Saint Paul Public Library, is committed to embracing diversity, becoming more inclusive, and producing more equitable outcomes through our work. We have immersed ourselves in ongoing learning and sharing activities related to building our team and individual strengths for diversity, equity, and inclusion. For example, we have partnered with consultants to conduct a thorough audit of our organizational practices and create an action plan for growth. Our teams have been participating in all-staff training sessions with DEI professionals, journal club style discussions, and creating space for one-on-one and small group discussions. Our goals include continuous attention to, and growth towards, being an equitable and inclusive organization, and incorporating organizational and individual values for diversity, equity, and inclusion into our day-to-day work with each other, our partners, and our clients.

KEY PERSONNEL / PROJECT TEAM

See appendices for consultant vitas.

NICK DIMASSIS is the Director of the Beloit (WI) Public Library. Formerly, Dimassis served as the Deputy Director of Hennepin County Library, Director of Carver County Library, Assistant Director of East Central Regional Library, and past chair of the Public Libraries Division and the Legislative Committee of the Minnesota Library Association. Dimassis has presented widely on library advocacy, fundraising and operations, and currently holds various leadership roles in the Wisconsin Library Association. Dimassis is a principal consultant with Library Strategies facilitating a wide range of projects, including facility and community

needs assessment, strategic planning, and Board development with libraries and library support organizations.

STU WILSON previously served as the Executive Director of the Friends of the Hennepin County Library (Minneapolis) and Vice President of The Friends of the Saint Paul Public Library. He has led or participated in over 30 strategic planning efforts for library and nonprofit organizations, as well as conducted numerous fundraising activities, board retreats, and tailored training for libraries across the country. Wilson will contribute remotely to this project.

David Katz is Programs and Services Manager with Library Strategies. In that capacity, he manages the firm's special and ongoing projects, as well as its day-to-day administration. He holds an MLIS from the University of Wisconsin – Madison. Katz will contribute remotely to the survey research, drafting of reports, and other data synthesis, as well as assist with overall project management.

REFERENCES

Library Strategies has worked with hundreds of libraries across the country, offering our unique approach to planning designed *specifically* for public libraries. Here are highlights of other planning processes Library Strategies has conducted recently:

Dubuque County Library District

Dubuque County Library District (DCLD) hired Library Strategies in 2020-21 to conduct a hybridized strategic planning process — one that incorporated site visits alongside robust but largely remote community engagement activities. DCLD faces some unique operational and perception challenges, most stemming from the

system's proximity and relationship to other libraries: patrons in Dubuque County are also served by independent libraries operated by and for the cities of Dubuque, Dyersville and Cascade. DCLD services Asbury plus the most rural subsets of the community – a population of approx. 38,000. Library Strategies' catered process reflected these special circumstances. Between remote and inperson community engagement efforts, consultants ultimately incorporated feedback from nearly 300 community members and staffs into an actionable 2021-2027 roadmap for DCLD.

PROJECT OVERVIEW

If selected by Decatur Public Library (DPL) the Library Strategies team will employ a four-phase process that builds upon itself – moving from data gathering and organizational assessment, to staff and board input, to community engagement and planning. Rapid Results Planning™ is tailored to yield maximum community input yet focused results, all on an aggressive timetable, typically 4-6 months from initiation to completion.

Phase 1: Preparation, Data Analysis & Benchmarking

Strategic Planning Committee Meeting

Library Strategies recommends forming a *Strategic Planning Steering Committee* at the outset (if one is not already in place). This committee will oversee the process; provide local context and insights throughout; identify key leaders and influencers; and help ensure the final plan is both inclusive and comprehensive. We recommend the Planning Committee be comprised of 8-12 members total. It will likely include the following individuals:

- Library Director, and one or two other lead staff (including representation from the DPL Diversity, Equity, and Inclusion Committee)
- One or two Board of Trustees members (but not the full board)
- Foundation/Friends leadership
- City and/or county government representatives, as deemed appropriate
- Community leaders representing at least two of the following:
 - o Business / Social Infrastructure (ex., Northwest Community Healthcare)
 - o Philanthropy (ex., area foundations)
 - o Education (ex., Decatur School District 17, etc.)
 - Arts & Culture (ex., area arts coalitions, museums, theaters)

An initial meeting of the Planning Committee, facilitated by Library Strategies over Zoom, will address the following agenda items:

- Identify critical documents and data to inform the planning process (library usage data, demographic projections, relevant local government documents, etc.)
- Brainstorm initial focus areas for community input. These could include staffing models, technology infrastructure, operational considerations (such as hours of operation), alternative models for library service delivery, etc.
- Identify best methods for engaging the community (particularly those who have been
 disenfranchised in the past) and individuals who will be invited to participate in the
 engagement phase, with careful attention given to including a broad representation of
 residents both library users and non-users.

Community and Library Assessment

Library Strategies will conduct a data audit and assessment of current DPL service area demographics, library services, and resources. This audit will review:

- Census data + trends for Decatur, including but not limited to:
 - ✓ Age distribution / Household status
 - ✓ Race and Ethnic background / Special populations
 - ✓ Income / Education
 - ✓ Population / Geographic distribution
 - ✓ Economic development projections
- Library-specific data:
 - ✓ Circulation numbers and trends for the past 3-5 years
 - ✓ Library visits / Programming attendance
 - ✓ Technology access and usage
 - ✓ Community outreach efforts / Marketing and PR
 - ✓ Budget and financial sources
 - ✓ Staffing patterns
 - ✓ Board of Trustees structure and governance
 - ✓ Friends and Foundation fundraising model / patterns

PHASE 2: KEY STAKEHOLDER INPUT

One-on-One Interviews

In preparation for Phase 3, Library Strategies consultants will conduct 3-5 confidential phone interviews with key informants: long-serving Library trustees, Council members, lead government officials, key community leaders, and other candidates who bring some outsized knowledge about the Decatur landscape (or some subset of its residents).

The list of interviewees – and questions sets – will be developed in consultation with the Library Director and steering committee. Ordinarily, consultant questions focus on interviewees' perceptions of their community's most salient needs; what the Library can do (and is not already doing) to address them; and key challenges the Library is facing in its mission to enhance residents' quality of life.

Staff SWOC Analysis [OPTIONAL]

Library Strategies recommends convening a SWOC analysis (Strengths, Weaknesses, Opportunities and Challenges) strategizing session attended by select staff members. This session provides an opportunity for internal stakeholders to offer their insights and express concerns in a collaborative environment, and typically yields insights that complement and build upon the staff survey (see below).

Note: SWOC analysis session may take place in person or over videoconference. Format will be dictated by client preference, overall project timetable and budget, and timing of consultant trips.

All Staff Survey

An online staff survey will be designed to elicit information from *all* staff concerning library operations, programs, services, communication, aspirations and overall morale. The responses to this survey will also be collected via SurveyMonkey. A summary of the responses, as well as the raw data, will be made available to Library leadership. However, respondents will be ensured anonymity to encourage candor and a high response rate.

PHASE 3: COMMUNITY ENGAGEMENT

Community Survey

In the run-up to the focus groups or community forum (see next section), Library Strategies consultants will design and administer a community survey. This tool, ordinarily 14-18 questions in length, is crafted to probe the interests and under-met needs of Decatur residents.

Issues to be explored, both quantitatively and qualitatively, include (but are not limited to):

- Awareness of / perceptions of / satisfaction with the Library;
- Barriers to using DPL and its services;
- Facilities and outreach efforts;
- Diversity concerns / opportunities for inclusivity;
- Future directions for the Library.

Our consultants will present a draft survey to the project Steering Committee and make revisions as necessary. The survey will be posted online using SurveyMonkey. (If desired, Library Strategies can also format this questionnaire for print. In that event, the Library will be responsible for transcribing paper data according to instructions supplied by the consultants.)

Library Strategies will assist in identifying the best outlets and a promotion strategy to encourage broad-based participation in the survey.

Focus Groups or Community Forum

Library Strategies' community engagement activities culminate with real-time opportunities for residents from different walks of life (and with differing levels of engagement with DPL to converse and brainstorm together about service "pain points" and their hoped-for Library of the Future. There are several different means to this same end and we want the process to be adaptable to the specific needs of the Decatur community.

Each has been successful in a wide range of communities. All have one element in common: invitee rosters are shaped with significant help from the project Steering Committee. This ensures that the participant pool offers diversity in personal backgrounds, professions, lived experiences, and library usage habits.

This makes our gatherings different from standard "listening sessions" favored by many strategic planners. In this latter paradigm, anyone can take part and little attention is given to who is explicitly invited (or who is unintentionally left out). Listening sessions of this sort disproportionately attract the library's "power users" and most stalwart supporters — and are rarely if ever representative of the community at large.

In-Person Community Retreat (Option 3.B.1)

Since the firm's inception more than a decade ago, Library Strategies has conducted day-long Retreats in dozens of communities of all sizes. This large but nimble "thinktank" activity continues to serve as the cornerstone of many Rapid Results Planning™ strategic planning processes.

In brief, the Retreat gathers a cross-section of users, non-users, diverse populations and key stakeholders all in one room (approx. 40 attendees total). See the Appendix at the end of this section for a breakdown of recommended invitee profiles.

By including many participants from all walks of life, the Library gains valuable insights – while also securing early buy-in and future advocates for its vision.

The in-person Retreat agenda is frequently structured as follows:

- A short presentation by the Director on the current state/activities of the Library.
 This gives all participants a common baseline understanding of what the Library currently does and how.
- 2. A short presentation/discussion on regional and national trends. The Library Strategies team will offer a short primer on "Libraries 101," with an emphasis on emerging trends in this dynamic field. The two-fold goal is to offer participants a sense of what might be possible in terms of future directions, and encourage them to think broadly about the Library's role in Decatur.
- 3. A large group, "big picture" visioning session (and development of goal areas).

 This part of the retreat invites participants to brainstorm broad, strategic visions for the community and consider the Library's role as a contributor to residents' quality of life. This session will hone "goal areas" where the Library should concentrate its attentions over the next three to five years. (These areas might pertain to technology, community partnerships, DEI, early literacy, workforce development, public awareness, etc.)
- 4. Small group strategy sessions. Towards the end of the day, participants will be encouraged to dive

deeper – by brainstorming specific strategies likely to move the Library closer to its big, overarching goals. The consulting team will mediate these smaller discussions and facilitate a share-out at the end of the Retreat.

Focus Groups (Option 3.B.2)

For all its advantages, a day-long, in-person retreat is not always viable or attractive for all the communities in which Library Strategies works. Fortunately, this style of engagement is NOT a prerequisite for securing real-time, authentic, valuable input from a broad swathe of the community. As an alternative, Library Strategies can also conduct x4 focus groups – either in person, over videoconference, or via a mix of the two.

Topics probed, and the breadth of residents identified for inclusion, are comparable to a full-day Retreat. However, focus groups are shorter in length (usually 2 hours), involve only 10-12 participants per session, and are often booked across 3-4 days.

In addition to asking a shorter time commitment of each participant, focus groups bring several secondary benefits.

- 1. Retreats take place over just one day (ordinarily a Saturday). Invitees who are unable to take part that day, due to some prior obligation or for another reason, then cannot offer feedback in a live/synchronous setting. With a slate of focus groups, by contrast, the planning team can stagger sessions across more than one day and integrate morning, afternoon and evening options. This makes real-time participation more accessible.
- 2. In all likelihood, some community members who would be uncomfortable (or otherwise disinclined) to take part in a Retreat may be more agreeable to a focus group invitation.
 - **a.** If sessions are conducted in person, they need not all be held at the library itself. It is worth exploring alternate venues for the comfort of invitees who do not have a rapport with DPL, as well as the convenience of any who do not live close to the Library.
 - b. With virtual focus groups, attendees can participate fully from the comfort of their own home. In our experience, many candidates who would decline to commit to a 2-hour meeting at their nearest library or community center are glad to volunteer the same amount of time when this perceived barrier is removed.
- **3.** Focus groups save lunch and refreshment costs. Any conducted virtually also cut down meaningfully on consultant expenses.

PHASE 4: CRAFTING STRATEGIC + IMPLEMENTATION PLANS

Finalizing Strategic Plan

Once the Retreat or focus groups concludes, the Library Strategies consultants will draft a short, concrete Strategic Plan document (typically 4-5 pages) for review by the Steering Committee.

During an iterative review period, the Steering Committee will determine whether the goals and strategies outlined seem realistic and appropriate – given finite resources, timetables, and committee members' own evolving understanding of their community's needs. Our consultants will then make revisions based on that feedback.

Once the text is vetted by the Steering Committee and approved by the organization's board, Library Strategies' graphic designer will format DPL's new plan. This illustrated version of the final text can be shared with other government bodies as applicable, as well as the community at large.

Library Strategies has found that long-range planning only *truly* works if it becomes a part of regular culture. For this reason, our firm will also provide an easy-to-use "dashboard" measurement tool to track the progress of the Strategic Plan over time. We recommend that the board review progress on the Strategic Plan at every regularly scheduled meeting.

Implementation Plan [OPTIONAL]

In order to move the Plan forward, our process can also include a consultant-facilitated implementation planning step. Using the goals outlined in the approved Strategic Plan, staff collaborate on a detailed operating work or implementation plan to reach the Plan goal, with a primary focus on year 1 objectives.

Hallmarks of an Implementation Plan include:

- Action steps for reaching the strategic goals
- Resources needed (funding, staffing, strategic partners, etc.)
- Responsibility delegation
- Deadlines for task completion
- Outcomes or measures for each strategy

The Implementation Plan is usually an internal working document and *not* approved by the Board. In that way, it remains flexible and most useful to Library administration and staff. This Implementation Plan should become a regular discussion item at staff meetings and updated by the Library staff at least annually.

Library Strategies is pleased to remain in contact with many previous clients. The Library will receive a follow-up evaluation survey, and consultants are available beyond the contracted planning project for any questions from Library leadership. The Library Strategies team will generally follow up after approximately six months have passed into the new strategic plan to check in with Library leadership on how the implementation is progressing.

DELIVERABLES

Library Strategies will provide the following deliverables during or after project activities:

- Community Survey Summary Report (and raw data)
- Staff Survey Summary Report (and raw data)
- Staff SWOC Analysis Write-Up/Notes (optional / add-on)
- Focus Group/Community Retreat Notes
- Draft and Final Strategic Plan (prefaced by community profile section, and including suggestions re: mission, vision and values statements)
- Strategic Plan Tracking Dashboard
- Implementation Plan (optional / add-on)

Project Timeline

The tentative timeline presented here is flexible and represents a typical RRP process. The timeline will be adjusted at the initiation of the project to accommodate key stakeholders of the Library and the deadline for approval of the strategic plan.

PROJECT BUDGET

Library Strategies proposes to provide the above stated services for the following fees, plus expenses reimbursed at actual cost. Fees are based on a daily rate of \$1,800 (\$225 per hour).

Notes:

- (1) More than one consultant will be involved during critical steps of this process. Pricing reflects this.
- (2) Library Strategies does not charge for consultant travel time.
- (3) Expense estimates are included below, but actual expenses will be billed.

The above outline of services and budget are flexible, and the budget would be adjusted based on the actual services needed by the Library. For instance, if the Library recently has conducted its own community or staff survey, those services would be an extraneous and the budget could be modified accordingly. Additionally, if the Library elects to conduct more of the consultant services remotely, travel expenses would correspondingly be reduced.

CONCLUSION

Library Strategies would be pleased to partner with Decatur Public Library on its upcoming strategic planning process. We believe that our consultants' knowledge and experience with libraries nationwide, and in the region, positions us well to be an asset throughout this key period for the Library.

Thank you for considering this proposal.

APPENDIX A: RETREAT or FOCUS GROUP PARTICIPANTS

Community Engagement, Phase 3, is a cornerstone of the Rapid Results Planning™ process. While the exact composition of the participants group is determined in the process, Library Strategies strongly recommends that the following community audiences are included:

- Lead library staff/staff representatives (3-5)
- Library board/trustees (3-4)
- City/County, or other, public officials (2-3)
- Friends of the Library leaders (2-3)
- Head or staff from an affiliated regional or system library (1)
- Local school leaders and one or two teachers (2-4)
- Business leaders from varied businesses or Chamber of Commerce (2-4)
- Representatives from other cultural or arts organizations (2-4)
- Representatives from social service agencies (2-4)
- Other governmental department heads (1-2)
- Religious leaders (1-2)
- Representatives from civic groups, such as Rotary or Kiwanis (1-2)
- Local philanthropic community, such as a community foundation, etc. (1-2)
- Colleges or university leadership (1-2)
- Representatives from nearby military bases if in the area (1-2)
- Local labor leaders (1-2)
- Homeschool community (1-2, if significant users of the Library)
- Include representatives from certain demographics important in the community and to the library (it is likely that there is some duplication from above stakeholders):
 - o people from diverse groups in the community with notable populations
 - o seniors
 - o parents with small children (very good to have attend)
 - o teenagers (Youth Council, etc.)
 - o 20- and 30-somethings
 - o people who are disabled
 - o special library user groups
 - o GLBTQ community
- Other groups that the planning team identifies as locally important
