

REGULAR MEETING AGENDA
DECATUR PUBLIC LIBRARY BOARD OF TRUSTEES
Thursday, July 20, 2006 @ 4:30 p.m.
(in the DPL Board Room)

- I. Call to order -Eugene King, President
- II. Approval of minutes
 - A. Regular meeting of June 15, 2006
- III. Communication from the public
- IV. City Librarian's report
- V. Reports of committees
 - A. Personnel, Policy & Public Relations Committee
 - i. No meeting in June
 - B. Finance and Properties Committee
 - i. No meeting in June
 - ii. June 2006 check register
 - iii. YTD budget report
 - C. Rolling Prairie Library System
 - i. Report of July meeting
 - D. Friends of the Library
 - i. No meeting in July.
 - E. Foundation
 - i. Next meeting scheduled for July 31, 2006
- VI. Serving Our Public: Standards for Illinois Public Libraries
 - A. Chapter IX: Facilities
- VII. Old Business
- VIII. New business
- IX. Adjournment

DECATUR PUBLIC LIBRARY BOARD OF TRUSTEES

Regular Meeting

June 15, 2006

I. CALL TO ORDER

Eugene King, President, called the meeting to order at 4:33 p.m. Members present: Mr. King, Nicholette Rademacher, Linda Rowden, Sally Krigbaum, Carol Craig, and Garry Davis. Absent: Ty Cocagne, Patricia Greanias, and Shirley Moore. Staff present: Lee Ann Fisher and Scott Pointon.

II. APPROVAL OF MINUTES

Mrs. Rowden moved that the minutes of the May 25, 2006 meeting be approved as presented. The motion was seconded by Mrs. Krigbaum and was unanimously approved.

III. COMMUNICATION FROM THE PUBLIC

Ms. Fisher noted that the library received notice that we will not be receiving the NEH Challenge Grant this year. She explained that Mr. Pointon had requested the grant reviewer's comments and that they were mostly positive. We will resubmit our request in November 2006 for funding in June 2007. In other capital campaign news, Ms. Fisher noted that two other sizable grant awards are expected soon. Ms. Fisher also reported that Caterpillar is making a sizable contribution to the "I Shot Ray Charles" photographic exhibit project, and that part of this exhibit series will be a musical performance in the library by Ray Charles' former saxophonist David "Fat Head" Newman.

IV. CITY LIBRARIAN'S REPORT

The City Librarian's written report was previously mailed. Mr. King inquired as to the nature of "professional assists." Ms. Fisher explained that professional assists are instances where patrons come to any of the DPL service desks and ask questions requiring assistance pertaining to collections, services, informational research, etc. To her written report Ms. Fisher added that the 1,000th child had signed up for the Summer Reading Program, which is slightly ahead of last year's count. Ms. Craig commented that the Ullrich Trust was indeed making a contribution to the capital campaign, with projected disbursements in 2006 and 2007.

V. REPORTS OF COMMITTEES

Personnel, Policy, and Public Relations Committee:

Mr. Davis noted that the committee did not meet in June.

Finance and Properties Committee:

Mr. King stated that the committee did not meet in June, and that he found nothing of note in the monthly check register. Mrs. Rowden made a motion to approve the bills as presented. Mrs. Rademacher seconded and the motion carried unanimously by roll call vote. The YTD Budget statement was reviewed and Ms. Fisher commented that the Personnel Services budget reflects the union's retroactive payout. Mr. King presented the annual Ordinance Determining Prevailing Wage Rates. Mrs. Rademacher moved to adopt the ordinance as presented. Mrs. Rowden seconded and the motion passed unanimously by roll call vote.

Rolling Prairie Library System:

There was no report from RPLS. Ms. Fisher stated that everything was set for Mr. Davis to step in as the DPL Board of Trustees representative on the RPLS Board.

Friends of the Library:

Mr. Pointon stated that the Friends met on June 8th and reported another successful 2nd Saturday Sale in June. He also reported that the Friends approved the Master Gardener's annual funding request and the library's request to fund the purchase of two book basket carts to assist patrons carrying materials in the library.

Foundation:

Mr. King noted that the Foundation Board will next meet July 24th.

VI. SERVING OUR PUBLIC: STANDARDS FOR ILLINOIS PUBLIC LIBRARIES

Chapter VIII: Public Relations and Marketing was reviewed and Ms. Fisher noted that she feels the library does an excellent job in this area. She further noted that it is time for a patron survey to be conducted at some point in the near future.

VII. OLD BUSINESS

There was no old business.

VIII. NEW BUSINESS

There was no new business.

IX. ADJOURNMENT

Mr. Davis made a motion to adjourn. Mrs. Rademacher seconded the motion and it carried unanimously. Mr. King adjourned the meeting at 5:17 p.m.

Respectfully submitted,

Scott Pointon

Scott Pointon
Assistant City Librarian

CITY LIBRARIAN'S REPORT
July 10, 2006
DECATUR PUBLIC LIBRARY BOARD OF TRUSTEES

CITY LIBRARIAN: The city finished the handicapped sidewalk cutout in front of the outside door to the Madden room. We had a leak in the boiler room over the cataloging area and relocated staff to the Computer Lab to continue to work, while their area dried out. In addition to my regular meetings, I met with a vendor, city HR, union steward, library attorney and the library tenant during the month. I attended a forum on "Workforce Development", the annual Decatur Legacy luncheon, was job shadowed for the Partners in Education-Making the Right Choices Program. I will be on vacation July 14-30.

FOUNDATION: I spoke and Scott presented a power point presentation to the Chamber Breakfast on June 7th. We also had a good article in the H & R as a follow-up to that event. We have received a commitment from the Ullrich Foundation for a donation and received \$25,000 as a first installment on a \$100,000 grant from the state. We have 123 donors contributing \$73,695. The next meeting has been moved to July 31st @ 4:30, where we will discuss what to do next.

FRIENDS: The Friends' membership drive has 196 members as of today. The Second Saturday's book sale on the 8th was \$668.00.

PNG: I received the PNG contract from the state library to sign and return. The state still needs to sign before it is final. We will be receiving \$11,000 this year.

RPLS/SIRSIDYNIX: There was no report. Both Governing Board and the User's group meeting were canceled.

STAFF: There were no significant personnel actions to report this month.

ADMINISTRATION: Total DPL circulation for June was 60,632 as compared to 60,259 in June of 2005 for a difference of +0.6%. The gate count was 31,790 this month as compared to 31,895 in June 2005 (or -0.3%). The YTD total is +2.2% as compared to last year at this time. The meeting rooms were booked 20 times earning \$930.00 in fees. Caterpillar gave us \$1,500 as a deposit for the "I Shot Ray Charles" photographic exhibit project, which we will be hosting in 2007.

ADULT DIVISION: Our only program this month was a presentation by local artist/humorist Larry Wetherholt, who had 65 individuals attended his talk at the June Books Between Bites. We have signed on for a DVD standing order plan with B&T to get hot DVD's automatically, like we do best sellers. This should significantly shorten the lag time between the release date and our getting it. It is periodical renewal time. In past few years, we have been tweaking our holdings, adding more popular titles and dropping expensive unused titles that are available full text on our online databases. With the records gone, we did some shifting in the AV area, moving audio cassettes down to where the records were. We added a range of shelving

for DVDs and pulled out shelving holding books on cd-rom. Our 835 online book club members accessed it 16,700 times last month. The Local History Room had 89 visitors and 21 were from out of town

BUILDING DIVISION: We had a water pump malfunction in the boiler room and lost a lot of water; unfortunately, T.S. captured most of it. We moved the desks apart and extracted the carpet for three days, let it dry and air out for two days, then replaced everything. The steps on #549 bookmobile were jammed against the curb and broken; they no longer make that style of mechanical system anymore. We had to order the complete motor replacement assembly. We also had a few more mechanical repairs than usual. Equipment and machinery are starting to show their age.

CHILDREN'S DIVISION: The summer reading program "Voyage to Book Island" got off to a great start. On June 1st we signed up 236 kids, 20 more than last year's first day, and we ended the month with 1,233 participants, 22 ahead of last year. Once I get back from vacation we will be reorganizing the children's AV, reference area to accommodate the growing collections, and the new Nims computers. Volunteers worked 44 hours in June, mostly at the summer reading desk. Our 26 programs had 493 attendees. We had 9 group visits bringing in 213 people, and 19 groups used the children's story room.

CIRCULATION DIVISION: Total number of checkouts during the month of June was 56,707 items, up 39% as compared to 40,716 items checked out in May 2006, and up 2% when compared to 55,554 items checked out in June 2005. There were 9,402 items checked out of the DPL by patrons from other libraries, 3,804 items were checked out to DPL patrons at other libraries. We placed 3,846 requests, up 3% from May and up 35% from last May. We resolved 5,912 requests and of these, 2,960 items were picked up here at the DPL. We routed in 2,425 items to fill holds picked up at the DPL and routed out 3,804 items to other libraries to fill requests. We had 403 new accounts opened in June, up 33% from May, and up 6% from June of 2005. We are still showing an overall increase of 47% for resolved requests from FY 04-05. \$692.90 worth of material was returned and \$1,108.70 fines and fees were paid through the Unique Collection Agency. This brings us to a grand total of \$51,118.03 of material and cash returns collected through this agency over the past two years, which we are very happy with.

EXTENSION DIVISION: We experimented with having a week where the bookmobiles didn't go out. This gave us a chance to catch up on reshelfing and other duties around the department. It also allowed us to complete two bigger projects: we finished shifting the books stored in Extension and opening a Middle Passage through the shelves, and we reorganized the books on 548. Our weekly stop at Hope Academy has been slow, but I hope it will pick up soon as Hope will start year-round classes later this month. We also scheduled biweekly stops at Baum school for the first time, especially to reach the ESL students. We had 19 volunteers donate 138 hours of service this month.

GATES COMPUTER LAB: No classes were scheduled in June due to the low attendance in April and May. We will resume a full schedule of classes in July.

SYSTEMS ADMINISTRATION: We received the four new Nims computers for Children's. They will be configured for limited internet access and we are still in the process of getting software loaded on them. We also received a new Dell server. This will be our new domain controller. Matt is preparing to rename and renumber our servers in July and will be sending out more information later. We still have CybraryN issues and have received a patch that caused more problems. The Gates laptops had a problem with Centurion Guard and they sent Dave Nelson here to repair them. There were 988 work orders received from the staff for this month.

TECHNICAL DIVISION: Our patrons' ILL requests sent out to other libraries increased this month. We processed 680 periodicals as well as 531 paperbacks (bound and unclassed) this month. Also in June, 1,155 items were mended or reworked by the Processing staff. The Cataloging Department; cataloged 1671 titles, including 191 items that were donated to the library; imported 126 records from OCLC into our Horizon database; bar-coded 1,552 items; withdrew 2,360 books from our collection; recataloged 199 items; reinstated 89 items back into our collection; and made over 1,700 database changes. To date, over 1,100 biographies have been added to the biography collection since this special project began. After finishing the massive record withdrawal project, Kay Nims started withdrawing the audiocassettes that were being weeded by the AV librarian. So far, approximately 1600 audiocassettes have been withdrawn. Julie attended a "Barcode Basics" class at RPLS this month. Robert taught a class for DPL staff in the Gates Lab during the first two weeks of June that covered basic Cataloging principles, basic Marc record editing and barcoding requirements. He explained the progress made on the RPLS version of the "barcoder test" and also covered materials that would be on the test.

Respectfully submitted,

Lee Ann Fisher

Chapter IX Facilities

The physical library remains central to library service. While no one model could meet every unique local need, some requirements are common to all public libraries. These include adequate and accessible space to house and circulate the collections; comfortable and attractive public spaces for readers; space for other public amenities including restrooms and water fountains; efficient and comfortable work and lounge areas for staff; and space for board meetings, story times, and other library programs. The supplemental standards for this section are divided into two sections—those for existing facilities and for new or expanded facilities.

Applicable Core Standards

- Core 3.** The library is in compliance with all other state laws that affect library operations including but not limited to the *Illinois Accessibility Code* [ILL. ADMIN. CODE tit. 71, § 400 et seq.], the *Open Meetings Act* [5 ILL. COMP. STAT. ANN. 120/1], the *Illinois Freedom of Information Act* [5 ILL. COMP. STAT. ANN. 140/1 et seq.], the *State Records Act* [5 ILL. COMP. STAT. ANN. 160/1 et seq.; 70/2 and 5/1-7], the *Library Records Confidentiality Act* [75 ILL. COMP. STAT. ANN. 70/1] and the *Drug Free Workplace Act* [30 ILL. COMP. STAT. ANN. 580/1 et seq.].
- Core 4.** The library is in compliance with all federal laws that affect library operations including but not limited to the *Americans with Disabilities Act* [42 U.S.C. 12101 et seq.], the *Fair Labor Standards Act* [29 U.S.C. 201 et seq.], and the *Bloodborne Pathogens Standard* [29 C.F.R. § 1910.1030]. (See appendix 1.)
- Core 12.** The library has a board-approved mission statement, a long-range plan, a disaster prevention and recovery plan, and policies. Such policies include but are not limited to the following topics: personnel; reference; use of the library's materials, services, and facilities, including use of the library for exhibits and meetings; and collection management. Illinois statutory law specifically requires the board to establish and review at least biennially a written policy for the selection of library materials (as part of the library's collection management policy) and the use of library materials and facilities [75 ILL. COMP. STAT. ANN. 5/4-7.2 or 75 ILL. COMP. STAT. ANN. 16/30-60]. All library policies are in compliance with state and federal laws. (See appendix 2.2.)
- Core 20.** The library has a telephone, telefacsimile machine, photocopier, and computer with modem. The library provides telephone service to its patrons with hearing disabilities through a TTY (teletypewriter), TDD (Telecommunications Devices for the Deaf) or a voice relay provided by the telephone company.
- Core 23.** The library is located in a facility designed or renovated for that purpose and in compliance with applicable federal, state, and local codes.

Core 28. At least every ten years, and more frequently if necessary, the board of trustees determines if the physical facility is sufficient to meet the needs of the community. If the facility does not meet the needs of the community, the board of trustees takes steps to correct the problem.

Supplemental Standards for Existing Facilities

1. The library provides the right amount of space of the right kind to meet the provisions of its long-range plans.
2. At least once every five years, the board directs a review of the library's long-term space needs.
3. The library develops a plan and annual budget for maintenance of building and grounds and fixed asset replacements.
4. The library building supports the implementation of current and future telecommunications and electronic information technologies.
5. The library, including branches or other service points, is located at a site that is determined to be most convenient for the community. Travel time to the library under normal conditions does not exceed 30 minutes.
6. The library provides adequate, safe, well-lighted, and convenient parking during all hours of service. The minimum number of required parking spaces may be governed by local ordinance. Libraries reached primarily by car should provide 1.3 spaces per 500 population. If based on building size, the parking space provision should be one space per 500 square feet.
7. The library's entrance is easily identified, clearly visible, and well lighted. The entrance faces the direction used by the majority of the patrons.
8. The library has an identifying sign clearly visible from the street. Additional signs guide users from arterial streets to the library.
9. The library has adequate signage. All signage is in compliance with applicable federal, state, and local regulations. Interior signs should be limited in number and not serve as a substitute for logical building arrangement or for staff responses to routine user questions.
10. The library has a designated tornado shelter. Emergency exits and evacuation routes out of the building and to the tornado shelter are clearly marked. Fire extinguishers are clearly marked. Emergency first-aid supplies are readily available.
11. The library provides emergency training for staff, including annual fire and tornado drills, use of fire extinguishers, and location of the first-aid kit.
12. The library has an emergency manual and a disaster plan that are reviewed biennially.

13. The library has telephones and associated communications devices sufficient to meet user and staff needs:
 - . telephones in all offices and at all service desks
 - . telephone number listed in both white and yellow pages
 - . automatic equipment to inform callers of library hours when the library is closed
14. The library has sturdy and comfortable furnishings in sufficient quantity to meet user needs. Space is allocated for child and family use with furniture and equipment designed for use by children. All furniture is in compliance with applicable codes.
15. The library has enough shelving and other types of display and storage to provide patrons with easy access to all materials. All shelving and other display or storage space is designed for library purposes. Shelving in the area serving young children is scaled to their needs.
16. The library's lighting levels comply with the standards issued by the Illuminating Engineering Society of North America. The lighting is evenly distributed, low glare, does not cast shadows, and provides floor-to-ceiling illumination of all vertical surfaces. (For more information on lighting, see #8 under supplemental standards for new or expanded facilities.)
17. The library has fireproof facilities for the return of library materials when the library is closed.
18. The library has heating, ventilating, and air conditioning (HVAC) systems capable of filtering outside air and of maintaining comfortable temperatures throughout the year.
19. The library provides adequate security for staff, users, and collections.

Supplemental Standards for New or Expanded Facilities

1. Public library construction, expansion, and major renovation projects are planned by a team consisting of the board or members of the board of trustees, the library administrator and key staff, a library building consultant, and a registered professional architect.
2. The library, unless it is part of a home rule unit of government, selects an architect in compliance with the *Local Government Professional Services Selection Act* [50 ILL. COMP. STAT. ANN. 510/0.01 et seq.]. There is no legal requirement to contract with the architect offering the lowest fee.
3. The library's attorney reviews all contracts related to the construction project. The American Institute of Architects provides standard legal forms that are used in many situations, but the library can negotiate different terms if it so chooses.
4. Space planning is based on a twenty-year population projection (including probable annexation) and desired improvements in collections and services. Each project takes into account both the correction of current overcrowding and the creation of space for expanded collections and services. Major building projects include specific plans for how and where future expansion will take place.

5. The facilities provide flexibility of design and furnishings.

Buildings are designed with extensive data and electrical conduit or with alternative methods of providing service to all locations in the library.

Lighting is designed to allow extensive rearrangement of library furnishings.

All areas of the library are designed to meet the floor-loading standard of 150 pounds per square foot. Heavier loads, such as microform storage cabinets and compact shelving, require 300 pounds per square foot.

Service counters, service desks, and office work areas are freestanding modular units.

6. The library selects shelving that is designed for library purposes. Heavy-duty steel, bracket-type shelving that can be easily reassembled is the best choice. The depth of the shelving should be appropriate for the material being stored.

7. All construction complies with federal, state, and local codes and regulations including, but not limited to:

national codes, including the *Americans with Disabilities Act* [42 U.S.C. 12101 et seq.]

Illinois codes, including the *Illinois Environmental Barriers Act* of 1985 (410 ILL. COMP. STAT. ANN. 25/1 et seq.), the *Illinois Plumbing Code* [225 ILL. ADMIN. CODE 890.110-890.1950], and the *Illinois Accessibility Code* [ILL. ADMIN. CODE tit. 71, § 400 et seq.], published by the Capital Development Board to implement the *Illinois Environmental Barriers Act*

local codes. Many Illinois municipalities have adopted nationally-formulated codes as their local codes. Most municipalities adopt either the *Building Officials and Construction Administrators (BOCA) Code* or the *Uniform Building Codes* established by the International Conference of Building Officials (ICBO)

8. High-quality lighting is critically important to libraries.

Indirect lighting provides uniform, nonglare illumination. It provides the most flexibility because the light is reflected from a continuous surface (the ceiling) rather than emanating from individual points. In general, extreme down lighting is a very poor idea in libraries because it causes glare, creates troublesome shadows, and does not light vertical surfaces. Glare is a particular nuisance in areas where computer monitors and microform readers with vertical glass screens are in use. Proximity to windows and skylights can also create glare. To test for glare, place a mirror over the screen of a computer monitor and look for reflections of concentrated light sources.

Modern fluorescent lighting technology offers important advantages. Lamps with a CRI (color rendition index) of 75 or better provide much more attractive light than traditional lamps. Electronic ballasts are more efficient than traditional magnetic ballasts, and they eliminate hum and flicker.

High-pressure sodium lighting is the ideal choice for parking lots.

The most recent edition of the *IES Lighting Handbook*, edited by John E. Kaufman, provides recommendations for lighting intensities, but some are too low for library purposes. (For example, the Illuminating Engineering Society [IES] recommendation of 5 to 10 footcandles for halls, elevators, and stairways can create problems for persons with low vision.) IES standards are also included in ALA's *Administrator's Guide to Library Building Maintenance*, by Dianne Lueder and Sally Webb. (See the bibliography following this section.)

9. Provide enough storage space. (This is one of the most frequently overlooked needs in the design of new or expanded facilities.)
10. Especially consider safety and low maintenance when designing landscaping and walkways.
11. Although each library's ultimate space needs will be determined by its unique needs including its programs, services, and collections, some standard guidelines exist for determining the space needed for specific components. These guidelines are based on information from building program consultants, standards from other states, and some measuring tape. (See appendix 7 for more-detailed information.)
Examples of unique needs include extensive local-history or genealogy collections, large meeting rooms, frequent programming, and extensive art- and graphics-related activities. Additional staff office space will be needed for libraries that are responsible for all work and files related to finances and benefits. This is true of all district and many village libraries.
12. Provide space for deliveries and trash removal.
