MacArthur has its own unique style of school enthusiasm; as participants, we learn about life, about others, and most importantly, about ourselves.

"I'm a very good swimmer."

Savoir-faire . . . MacArthur style!

"Was that a home run?"

"I'm so excited I could just wet my pants!"

They often study just for the pleasure of it.

"Come closer, darling!"

"And remember — we're the ones in the blue jerseys."

"We girls are very keyed up over this game."

"Waitress? Bring me another . . ."

Scattered pictures in the corner of my mind.

Misty water colored memories . . . of the way we were.

And now that you're ready to embark on a new adventure, your hopes are shadowed by the reflections of the past. The once imbedded memories come to surface when every senior lets his thoughts drift into the unpredictable future.

Memories of all the previous years, the athletic games, all the victorious class competition, homecomings, proms, teachers, and friends, lets you know those safe and secure years are past. No more procrastination; you're at the top of the ladder and you've got to get off and take a more major step now. Scared? Heck no, you're a member of the "class of 1977." Sure memories are beautiful, but the thought of the future is a lot better.

SENIOR CLASS OFFICERS: Cathy Nolte, Pres., Greg Burdick, Vice-Pres., Toni Warren, Sec., David Packer, Treas.

ONLY ONE  
MORE YEAR...

ALL  
RIGHT!!!

What is a junior? Webster's NEW WORLD DICTIONARY defines a junior as a person of lower standing or rank; not really true!

To a freshman, he might feel that a junior is lucky because he only has one more year to go. But the poor sophomores look upon the juniors with envy when they see car keys dangling from their fingers, drivers licenses in their pockets, and their own car on the street.

We know more about Mac since we've completed almost three memorable, fantastic! educative??? and stimulating!!! years.

C'MON...  
EVERYONE KNOWS  
THAT SOPHOMORES  
ARE VERY, VERY  
COOL. RIGHT?...

WELL...  
RIGHT?!!!

Instead of thinking school will  
never end,  
Think of just two more years  
and the fun with your friends,

Your senior year will go too fast,  
then all the moments will be past.

You start to think of future years,  
all the pain and all the fears.

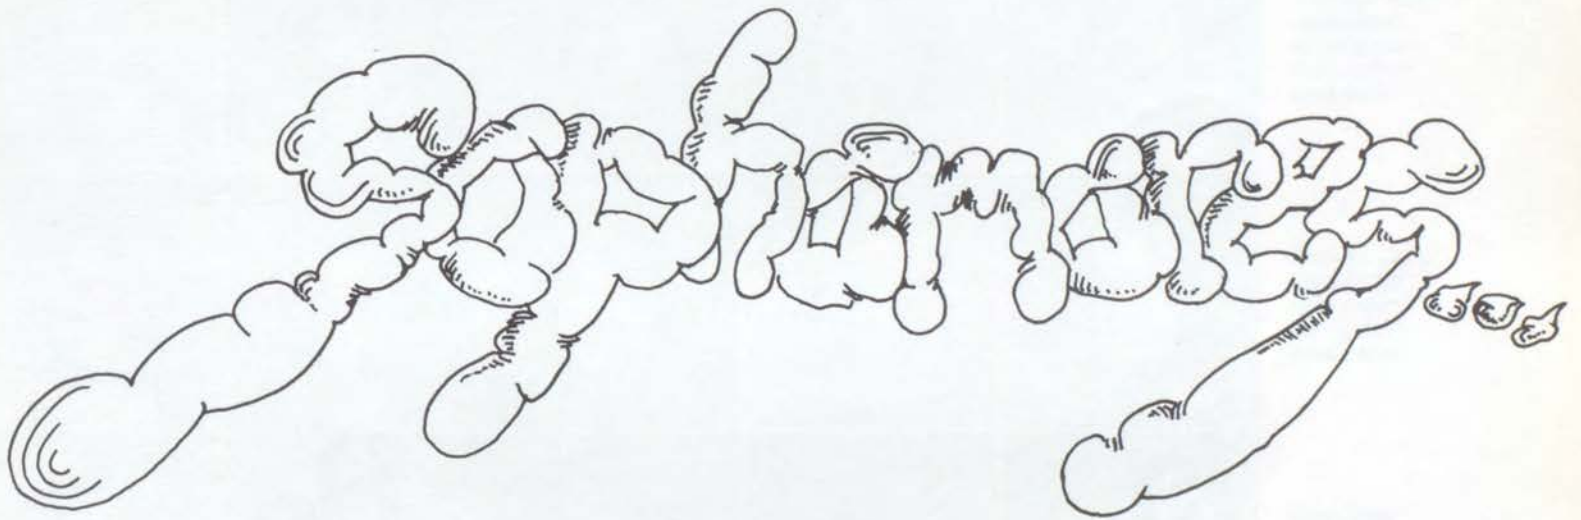

You want to see what's never been seen,  
you want to live a brand new dream.

You'll try to remember but you'll  
never find, those special days  
you left behind.

The sophomore class has got what  
it takes, don't lose the spirit  
that your great class makes.

Your first day at a brand new school,  
You try to be calm,  
You try to be cool.

The halls and rooms are so confusing.  
You walked into the wrong bathroom,  
not so amusing.

The first bell rang and the first thing you knew,  
the day was over, it was finally through.

Your next years at school will be a lot better,  
then those you did, won't even matter.

## AFS — ANDY FLOREN GOES TO COLUMBIA

I spent the summer of my junior year living in Cali, Columbia, South America. Columbia is a country that exists with the strange combination of the very old and the ultra-modern mixed with the strong influences of the Roman Catholic Church.

The city of Cali is a beautiful place that is set at the base of a northern range of the Andes mountains. There I learned that people are the same all over the world, regardless of their language and culture.

It is my hope, and that of all other A.F.S. students, that the memories of my life during that summer will stay with me for the rest of my life. — Andy Floren

## MacARTHUR WELCOMES ANNI JESPERSEN

Hi Generals,

I am proud of being a MacArthur general and I would like to thank all my friends, teachers as well as students, for all the friendliness and guidance you have shown me. When I came to MacArthur for the first time, I felt completely lost; all of these people, all these rooms. I have never been in such a big school before. My school at home, Herlufsholm, had only 320 students. Everybody here was helpful and kindly to me, that I after a short period of time felt at home. I will never forget my time here in Decatur, and when I come home a lot of thoughts will fly over the Atlantic Ocean from Denmark to my family, my friends, and my school here, which all mean a lot to me. A blue and silver Hello to all at MacArthur from a Danish general. — Anni Jespersen

## ROBERT FITZPATRICK VISITS PORTUGAL

I had a chance this summer to go to Portugal with the American Field Service. It was a rare opportunity living with two families. My first family, the Combados, were lower middle class working people. The second family consisted of Senor Ferraira and his grandson, Xico. They were of the upper class. With these two families, I had a chance to see life from all sides. With my first father, Rui, I would discuss politics; his political leanings were Communistic. On the farm of my second family, I had a chance to work in the grape vineyards. Portugal will always have a special place in my heart. I know I brought part of the soul of the Portuguese people back to MacArthur. — Robert Fitzpatrick

*IN MEMORIAM*

With unrelenting crescendo,  
the symphony of life  
replete with melodic  
progression hastens to  
its finale. And a  
friendship that is ours to  
share, with its "largos"  
and "allegros" moves  
everlasting; onward in  
sweet memories.

## THE WAY WE ARE

Temperatures sank in January of 77, giving us four snow days and a good reason to wear "puff jackets," which seemed to be the warmest thing around. While a lot of girls got their hair cut in the new "Hamill Wedge," named for skater Dorothy Hamill, others just went for super short. Some of the guys still sported afros. Also seen around Mac were cowboy hats, stocking caps, boots, "painter's pants," and "Foxy Lady" T-shirts. MacArthur rolls with the times!
