PROGRAM

Program in the League of Women Voters means government issues which members have chosen τ o study and on which they may act after thorough study and discussion and after consensus of the membership is reached.

Program selection at all three levels (local, state, and national) begins with suggestions by individual members. From these suggestions the appropriate board prepares a proposed program on which members vote - personally on local program at the Annual Meeting of their league, and through delegates on state and national program at conventions.

The League of Women Voters believes that citizen participation in government is basic to the democratic process and it is therefore the cornerstone of the League's political purpose. The League acts in the public interest on political issues. We also act to enlarge citizen participation; to open up electoral and other government processes; to make facts on issues and on the political process more accessible; to protect the right of every citizen to vote; and to protect the individual liberties established under the Constitution.

We take legislative, litigative and administrative action at all levels of government. We also act directly in the community.

Whatever the issue, the League believes that government policy, programs and performance must meet these criteria:

Competent personnel with clear responsibilities,

Coordination among agencies and levels of government,

Adequate financing,

Effective enforcement, and

Well-defined channels for citizen input and review.

LOCAL PROGRAM FOR 1987-88 (Adopted at Annual Meeting, May, 1987)

COUNTY AND TOWNSHIP GOVERNMENTS (1973-74)

<u>Support</u> for elimination of townships in Macon County with their functions transferred to general purpose governments, such as the county or municipalities.

Lis

<u>Support</u> for Home Rule status for the county with establishment of an elected county executive. (If necessary, we would support appointment of an administrator by the County Board until an executive can be elected.)

<u>Support</u> for elimination of as elected offices those at the county <u>level</u> which do not set policy, such as Auditor, Recorder of Deeds, and Coroner.

DECATUR'S ENVIRONMENTAL QUALITY

Ent

<u>Support</u> for improved surface drainage of the City of Decatur, as proposed by the Surface Drainage Task Force and the Citizens Advisory Committee for Improved Storm Drainage in 1975. Progress report in 1983.

Lur

<u>Water - Quality and Quantity</u>. (1980-82) Decatur's future growth depends on an adequate water supply which meets recommended quality standards. The economic, aesthetic and environmental impact should be a consideration. Conservation by all water users should be a priority.

DECATUR PUBLIC SCHOOLS

Position resulting from 1976-77 study (needs and goals of District 61 educationally, to include areas of responsibility of the school board and administration): The school district needs to make a continuing effort to determine the desires of the public concerning its schools. The Board of Education should present a "state of the schools" message at the end of each school year, and also describe plans for the next school year. The school district should continue to place a high priority on meeting the needs of individuals. The school district should increase its efforts to implement its goal of communication with the public.

<u>Position</u> resulting from 1977-78 study (of the financial resources and condition of District 61): When it is determined that the projected revenues will not be sufficient to maintain and/or improve program, the Board of Education of Decatur Public Schools should ask the voters to imcrease one or more of the tax rates making up the "operating tax rate" for state funding.

Referenda should be submitted before a crisis situation exists, that is, before cuts have to be made or a deficit exists in fund balances.

An increase in the tax rate would be justified to maintain and/or improve programs if: Decatur's operating tax rate was less than districts of similar size, or Decatur's operating tax rate was less than needed to get maximum state funds.

CITY GOVERNMENT

Position resulting from 1977-78 re-study of council-manager form of city government and a study of the Home Rule option in city government: After studying the several possible alternative forms of city government, consensus is that the council-manager form of government is the best for the City of Decatur. It provides the professionalism and administrative capabilities not as likely to be found under the other forms. Decatur is in many ways similar to a big business: it needs to be governed in an economic and efficient way. By separating the policy making body, the elected council, from the administrative body, the appointed manager and staff, council-manager government provides balance between leadership and management.

Home Rule power of the City of Decatur, granted by the 1970 Constitution of Illinois, has not been misused. The Council has been cautious in use of the Home Rule power, and careful to seek the community's specific needs. The Home Rule Power should be retained in order that the local citizens can find the solutions to their own local problems, and not be dependent on the ILlinois legislative action.

FAMILY VIOLENCE

<u>Support</u> for local efforts to provide intervention services for victims of family violence.

STATE PROGRAM 1987-89

(Adopted at State Convention, May, 1987)

CHILD WELFARE/JUVENILE JUSTICE

<u>Support</u> of improved services of Illinois state agencies serving Children and their families.

 $\underline{\text{Support}}$ for League positions to implement, amend and uphold the 1970 Constitution.

CRIMINAL JUSTICE

<u>Support</u> of improved criminal justice procedures in Illinois and alternatives to incarceration.

ELECTION LAWS

Support of improved election laws and procedures.

LAND USE

<u>Support</u> for a state land use policy that addresses the problem of conflicting uses for the land resources of Illinois.

MARITAL LAW

<u>Support</u> for laws which recognize marriage as an economic partnership and for a divorce process which is fair and equitable to all parties with regard to property division, maintenance, custody, and child support.

MENTAL HEALTH

<u>Support</u> for comprehensive and coordinated services for the mentally ill.

SCH00LS

<u>Support</u> of a public school system that is equitable both in quality for the student and financing for the taxpayer.

STATE FISCAL POLICIES

<u>Support</u> for a diversified and equitable revenue system that provides adequate support for state and local governments, school, and human services, and furthers League environmental and land use goals.
