

Township. Mrs. Fuller reported that this committee had started their meetings. It was pointed out that Township elections will be held in April and the question of having Decatur Township's boundaries correspond to those of the City of Decatur would probably be raised again.

Adjustment of Program Schedule: It was decided that the January 13 meeting will be devoted to local continuing responsibilities with emphasis on our position on the council-manager form of government, which may be challenged in the coming city election. It was decided that at the Annual Meeting, March 9, we would have, as provided in the By-laws, election of officers, adoption of budget, amendment of By-Laws if any are proposed and then adjourn or recess the meeting until May 12 for adoption of local agenda items. That way all resource committees on local agenda would have reported before the meeting March 25 at which suggestions for local program will be discussed. The Urban Renewal Committee would report at the Annual Meeting after the business is taken care of. The Foreign Economic Policy Committee will report at the all-member meeting on April 13. On May 12, in a continuation of the Annual Meeting, we will adopt the local program and hear a report on the State Convention as previously planned.

State Program: Mrs. Redford, Mrs. Doubleday, Mrs. Westenhaver, and Mrs. Fuller, chairman, will act as a committee to word suggested proposals for the State agenda. It will be suggested that the agenda be limited to one item, but the four items suggested and discussed at our morning meeting will be submitted in the order in which we would like to have them considered.

Membership: Mrs. Cordes reported three new members: Mrs. Robert Gilbert, Mrs. Jerry Roucher and Mrs. John C. Weinman. Letters have been sent to four recent guests, and to sixty-six prospects. There will be a coffee for new members and prospective members in February. Mrs. Cordes noted the problems of drop-outs, getting members to bring guests to meetings, and the fact that barely one-third of our total membership have been attending unit meetings.

Voters Service: Mrs. Protzman said the Candidates Meeting for the City Council election will be held the last week in March, if there is a primary, possibly at the YMCA. If there is no primary and the Candidates Meeting is held before the election in April, she asked if township and park district candidates should be asked to attend. It was the general feeling that we consider this and decide at a later date.

Unit Meetings: Mrs. Ritter said attendance at the Tuesday morning meeting, which provides a baby-sitter for 50¢ per mother, has not been large enough to pay for the sitters' services. It was agreed that we subsidize this service until attendance builds up.

February 10 School Luncheon: It was suggested that PTA members in city and county schools outside Decatur, the Association of Commerce Education Committee, and other local groups who might be interested, be invited to this luncheon.

Respectfully submitted,

Dee Meyerson
