In the absence of the President, Vice President Marshall Susler called the meeting to order at 4:35 p.m.

The minutes of the regular board meeting of June 16, 1983 were approved as printed and mailed.

In his monthly report to the Board, Mr. Dumas stated that as directed by the Board at the last meeting, he had gone over to talk to the City Manager about the Job Stimulus grant money. The Manager was personally receptive to the idea of remodeling the Library to convert the unassigned area to Technical Services in order to provide public space on the second floor for the A-V collections. The Manager noted that the Capital Fund Account and the Breckenridge Account were available for the Library's contribution. Without presuming to speak for Council, he indicated the remaining up-front money could possibly be borrowed. Mr. Dumas stated he would defer any further comments on this matter later in the meeting under the Finance and Properties Committee report.

Also at the Board's direction, Mr. Dumas stated he had discussed the RPL computer contract with Bob Plotzke, telling him the DPL Board would prefer to separate the agreement on maintenance from the general computer contract. Mr. Plotzke informed he would prefer they not be separated and be included in the same contract. He asked what further problems DPL found with the contract. Mr. Dumas stated DPL was not receptive to the idea of assigning all our property rights of the data base to RPL, and Mr. Plotzke did not see why we would object to that. Mr. Dumas stated problems may be resolved now but for the future he felt our position should be clarified in writing. Mr. Dumas further stated since the data base was primarily the creation of DPL and since DPL was the major user of the computerized resources, it should either have complete ownership of that portion of the files reflecting its holdings or a preponderant ownership of the entire files, so that it retained control over possible changes in the data base and could prevent changes that were inimical to the interests of DPL. Mr. Plotzke made no comment on

this, but stated he would think over what had been said and try to come up with a contract agreeable to all member libraries. Mr. Dumas stated he had been informed by RPL that their monthly board meetings will be held on the second Tuesday of each month at 2:00 p.m., which Mr. Susler noted represents no change. Thus, the problem of our Board's representative attending the mid-afternoon meetings still exists.

Further reporting, Mr. Dumas noted there were 69 hours of computer downtime this month which of course adversely affected our circulation statistics for June as many of our check-outs were not entered until July. Mr. Marshall asked about the status of our Apple computer and Mr. Dumas explained the software is not available as yet, and that if we don't get it soon, we may have to find another supplier. Mrs. Rossiter asked if other computer companies have as much downtime as CLSI, and Mr. Dumas responded that they all have their problems and that nation-wide CLSI has a pretty good record. Springfield, for example, has had very little downtime.

Commenting on his attendance at the ALA national convention, Mr. Dumas noted he had been most impressed with a speaker from the New York City Public Library, who has written a great deal on library computerization. He issued a strong admonition against jumping into the public access catalog at the present time as he feels it will be five to ten years before the system can be perfected as there are many complexities involved.

As Chairman of the Finance and Properties Committee, Mr. Marshall moved on behalf of his Committee the approval of bills through June 30, 1983, Mrs. Rossiter seconded the motion, and it was unanimously approved by a roll-call vote.

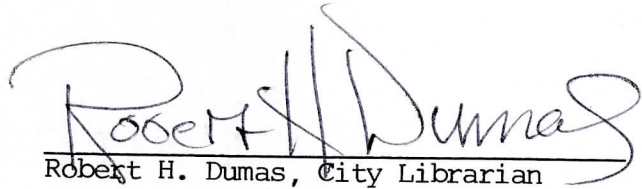

Mr. Marshall noted on the Board's Monthly Statistical Report personal services for the YTD Expenditures 1983/84 were considerably more than that for 1982/83 because there were five pay days through June of this year instead of four.

Stating that the Finance Committee had met on June 30 to discuss the Jobs Stimulus Bill grant money, Mr. Marshall asked for further discussion. Mr. Dumas informed he had met with Stanley Adams of the Illinois State Library, who is in charge of developing guidelines for the grant money, which guidelines will then be taken to the State Advisory Committee for approval. It appears the State Library wants to spread the money throughout the State as much as possible, so that it appears more local up-front money may be required than the 57% we were originally told, and whether the Council would go along with such an increase, of course, is not known at this time. The utilization of the Library's Capital Fund Account and the Breckenridge Trust Fund money to supplement the grant money was also discussed, and Mr. Dumas stated some thought has been given to the utilization of this money for a computer for the Library, thus making DPL independent of the RPL computer program. Mr. Dumas stated he wished to make it quite clear to the Board that in his opinion the computer and the control over the computer are the central factors governing the adequacy of this Library over the long term, and it is very important to us not only for circulation but

for book selection, weeding, and collection maintenance and control. Mr. Marshall commented that at present we need to have it out with RPL and get a new computer contract signed. Mrs. Moore asked if perhaps the remodeling could be done over a period of time, and Mr. Dumas stated that would be a possibility, as we will probably be removing some of the shelving in the Young Adult section in the Fall to give more space for the A-V materials, but this is a stop-gap measure that will probably forestall the final resolution of the problem by not more than three years.

Under New Business, Mr. Susler stated that pending the appointment of Committees by the new President for the coming year, the present committees will continue to function.

The meeting was adjourned at 5:25 p.m.

Robert H. Dumas, City Librarian

For Secretary of the Board
